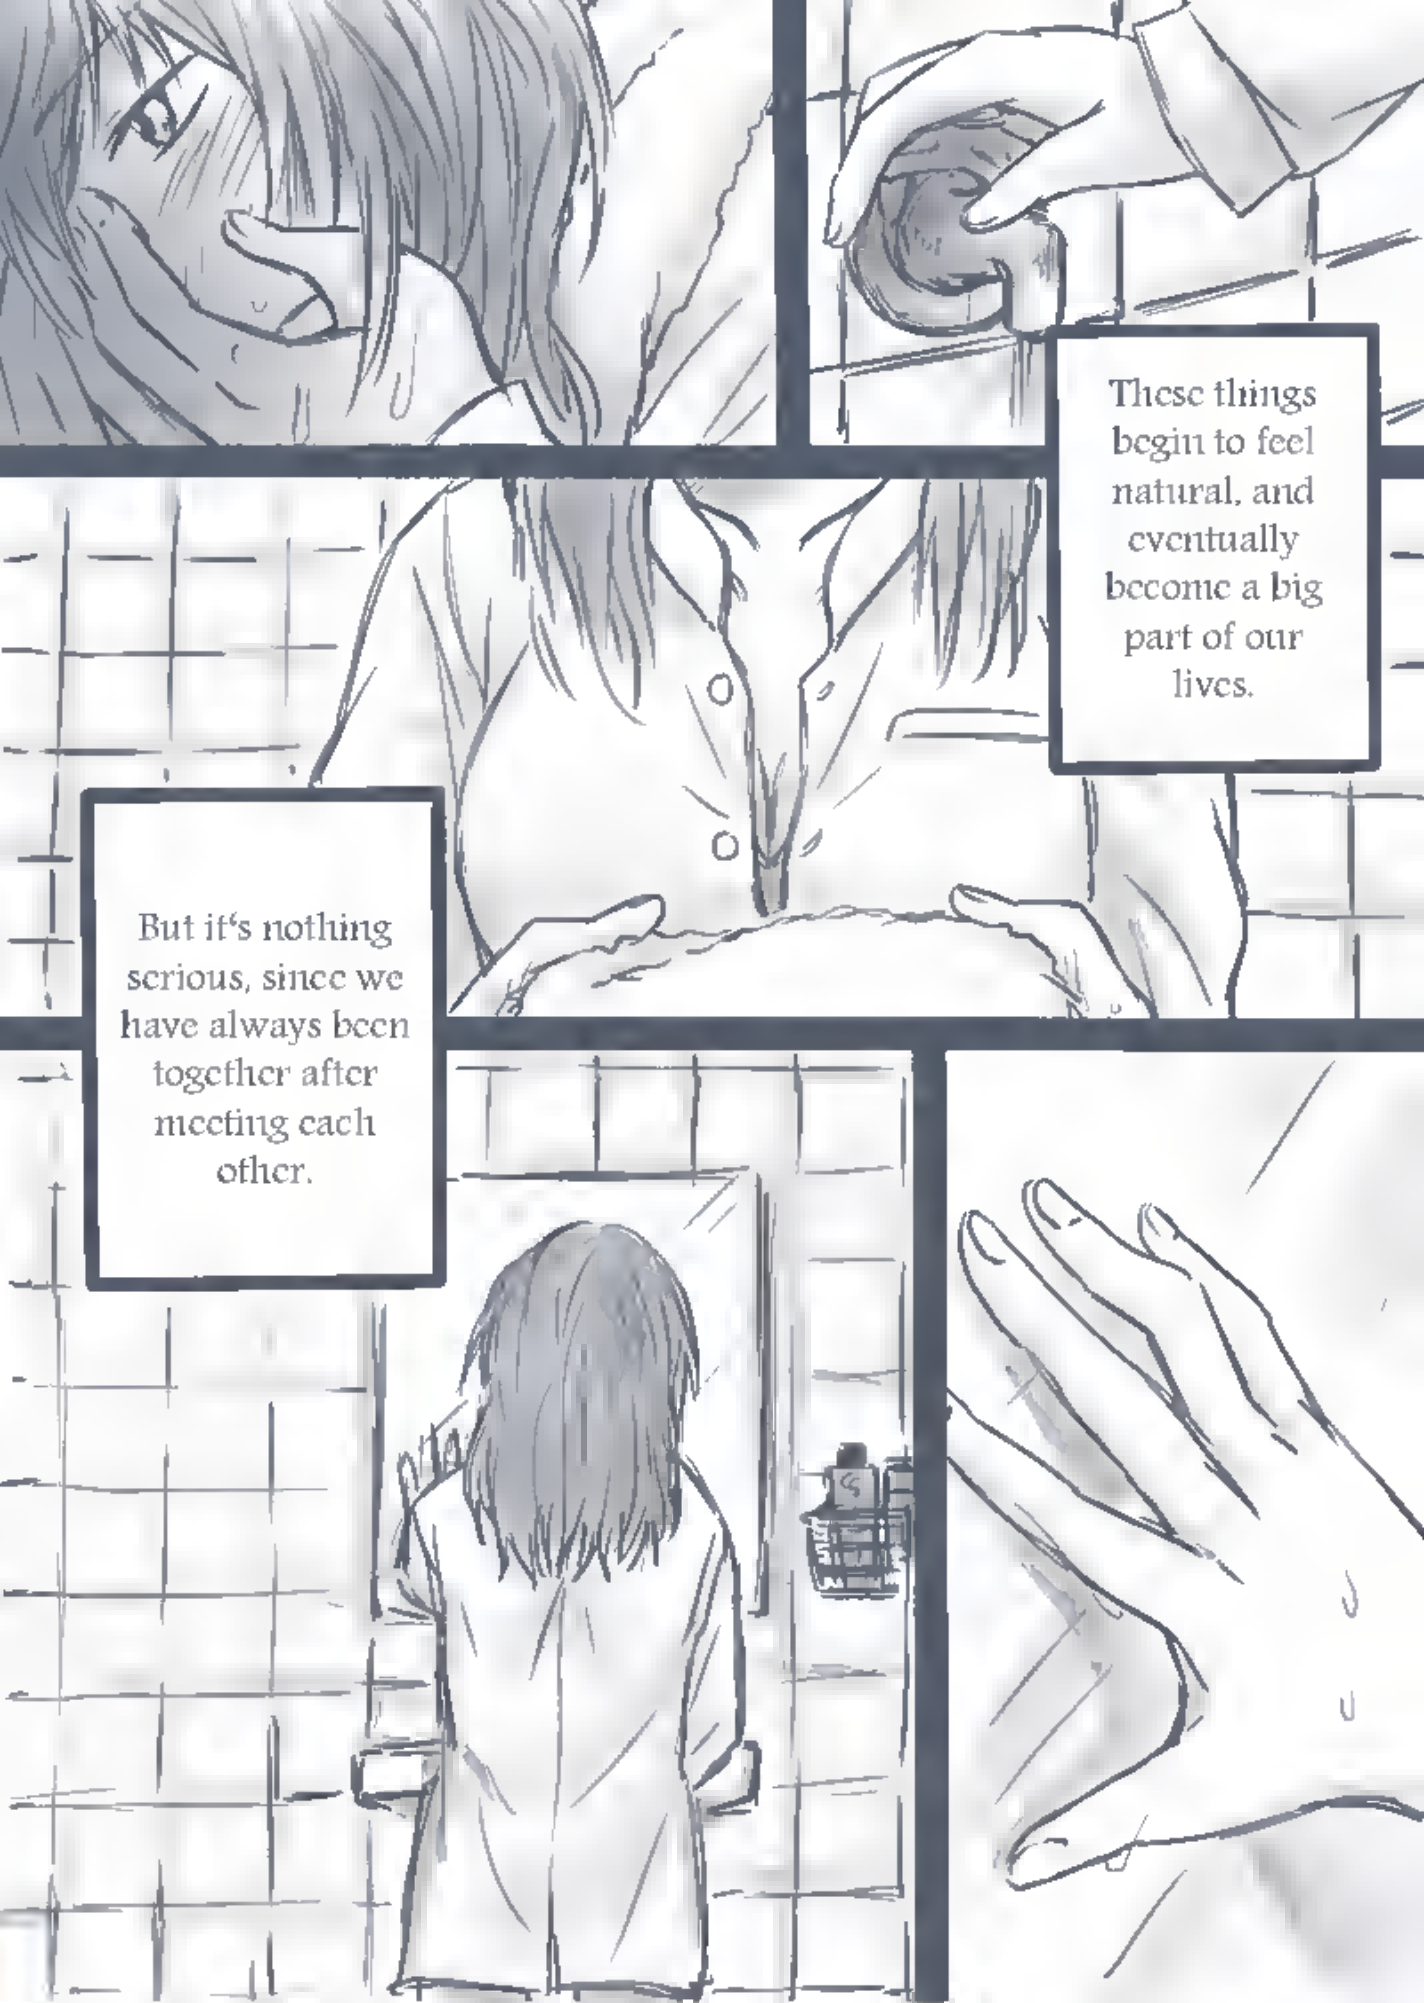
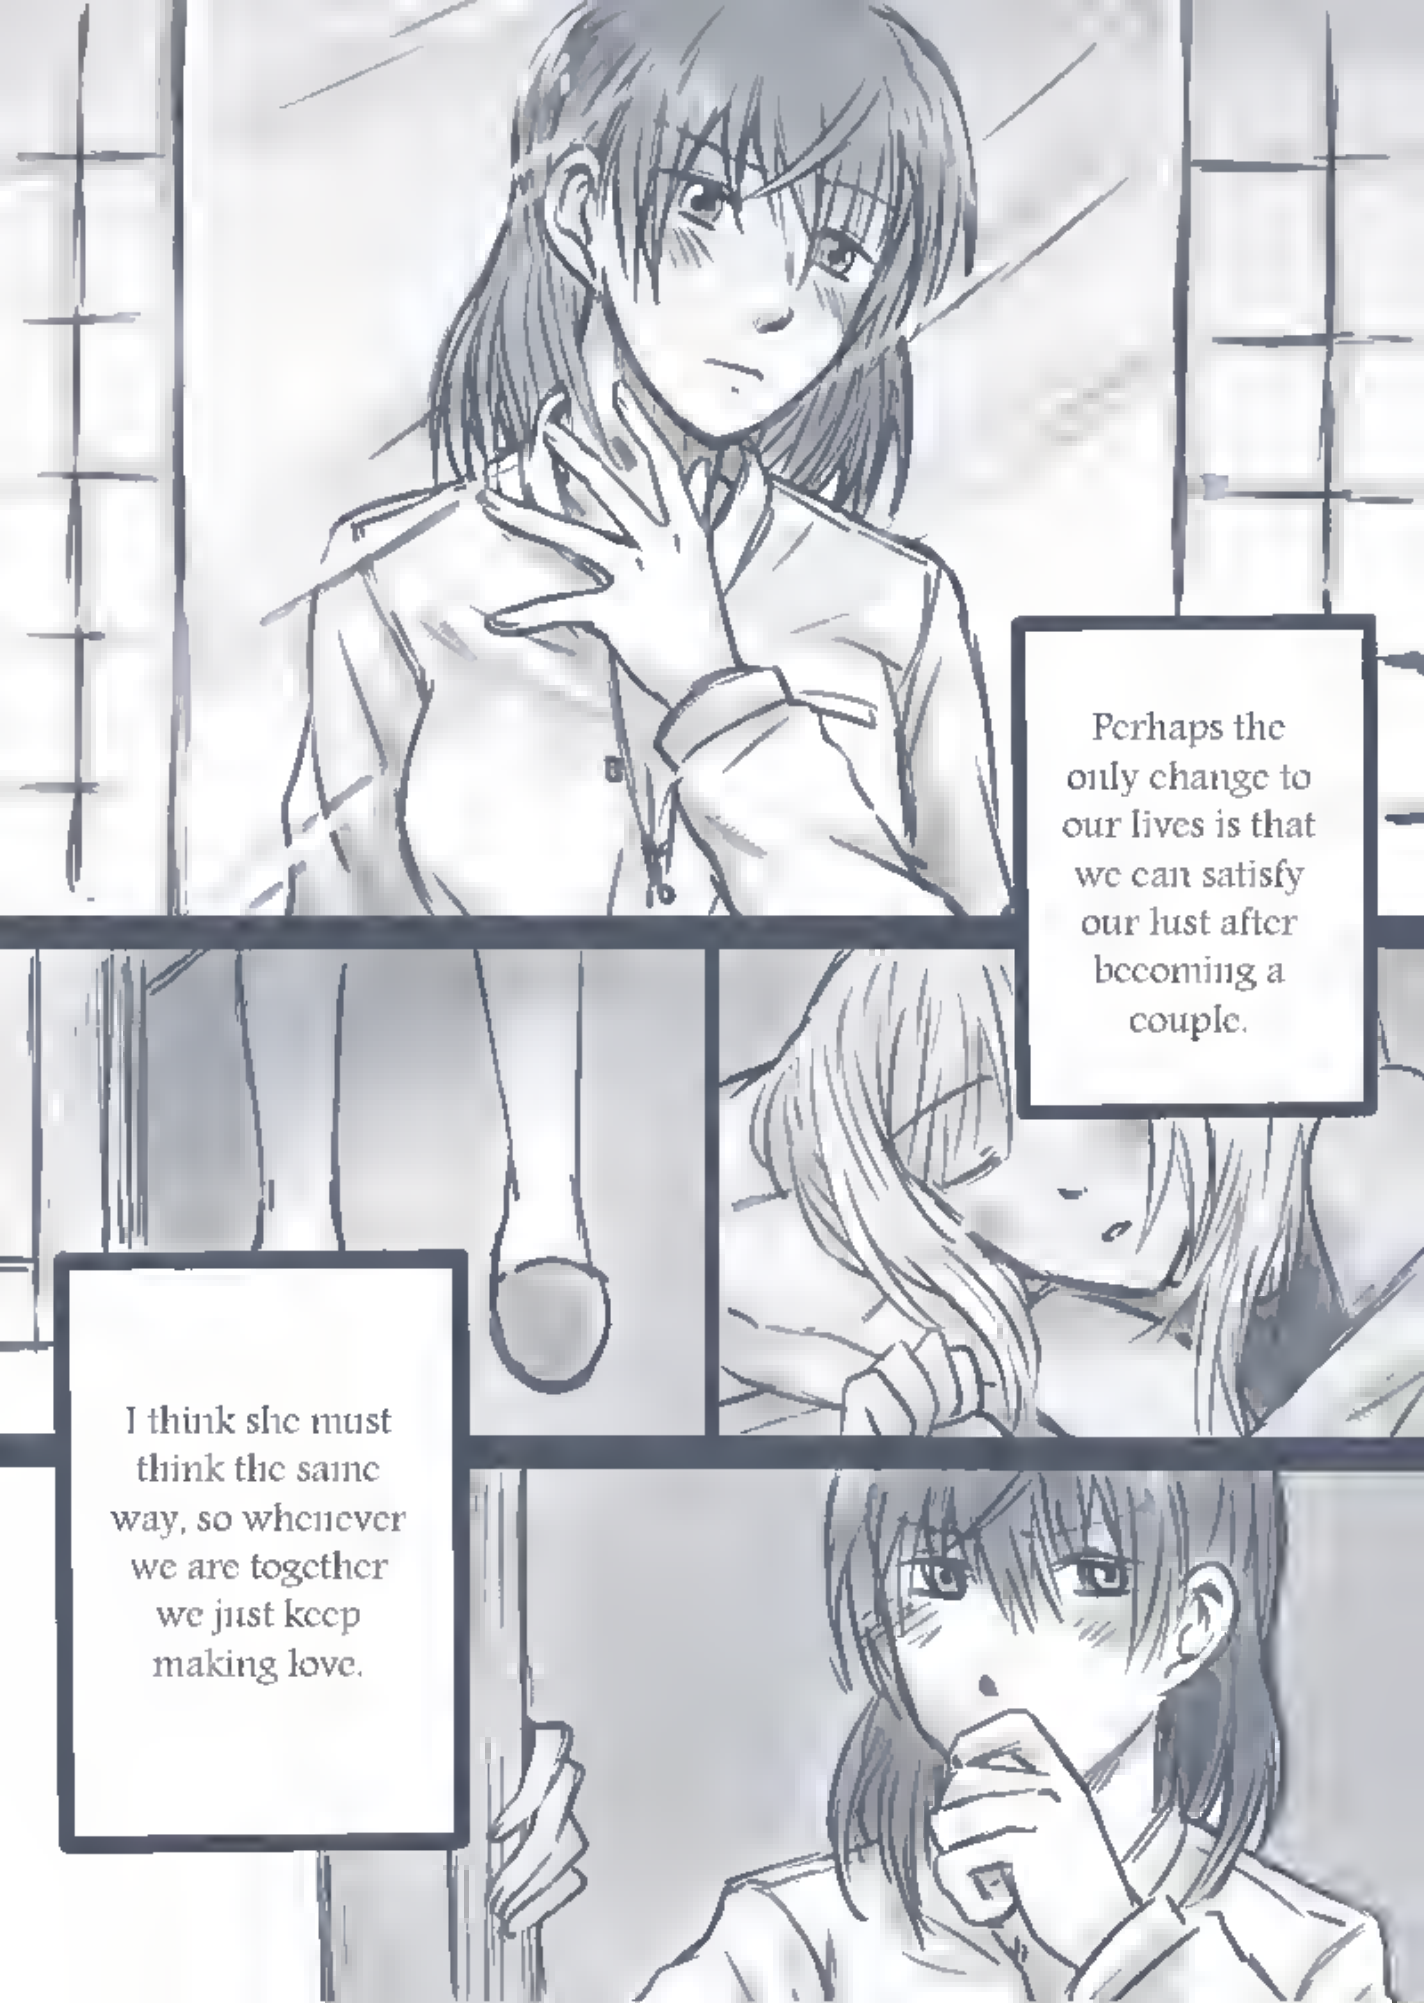
A little
of
your time

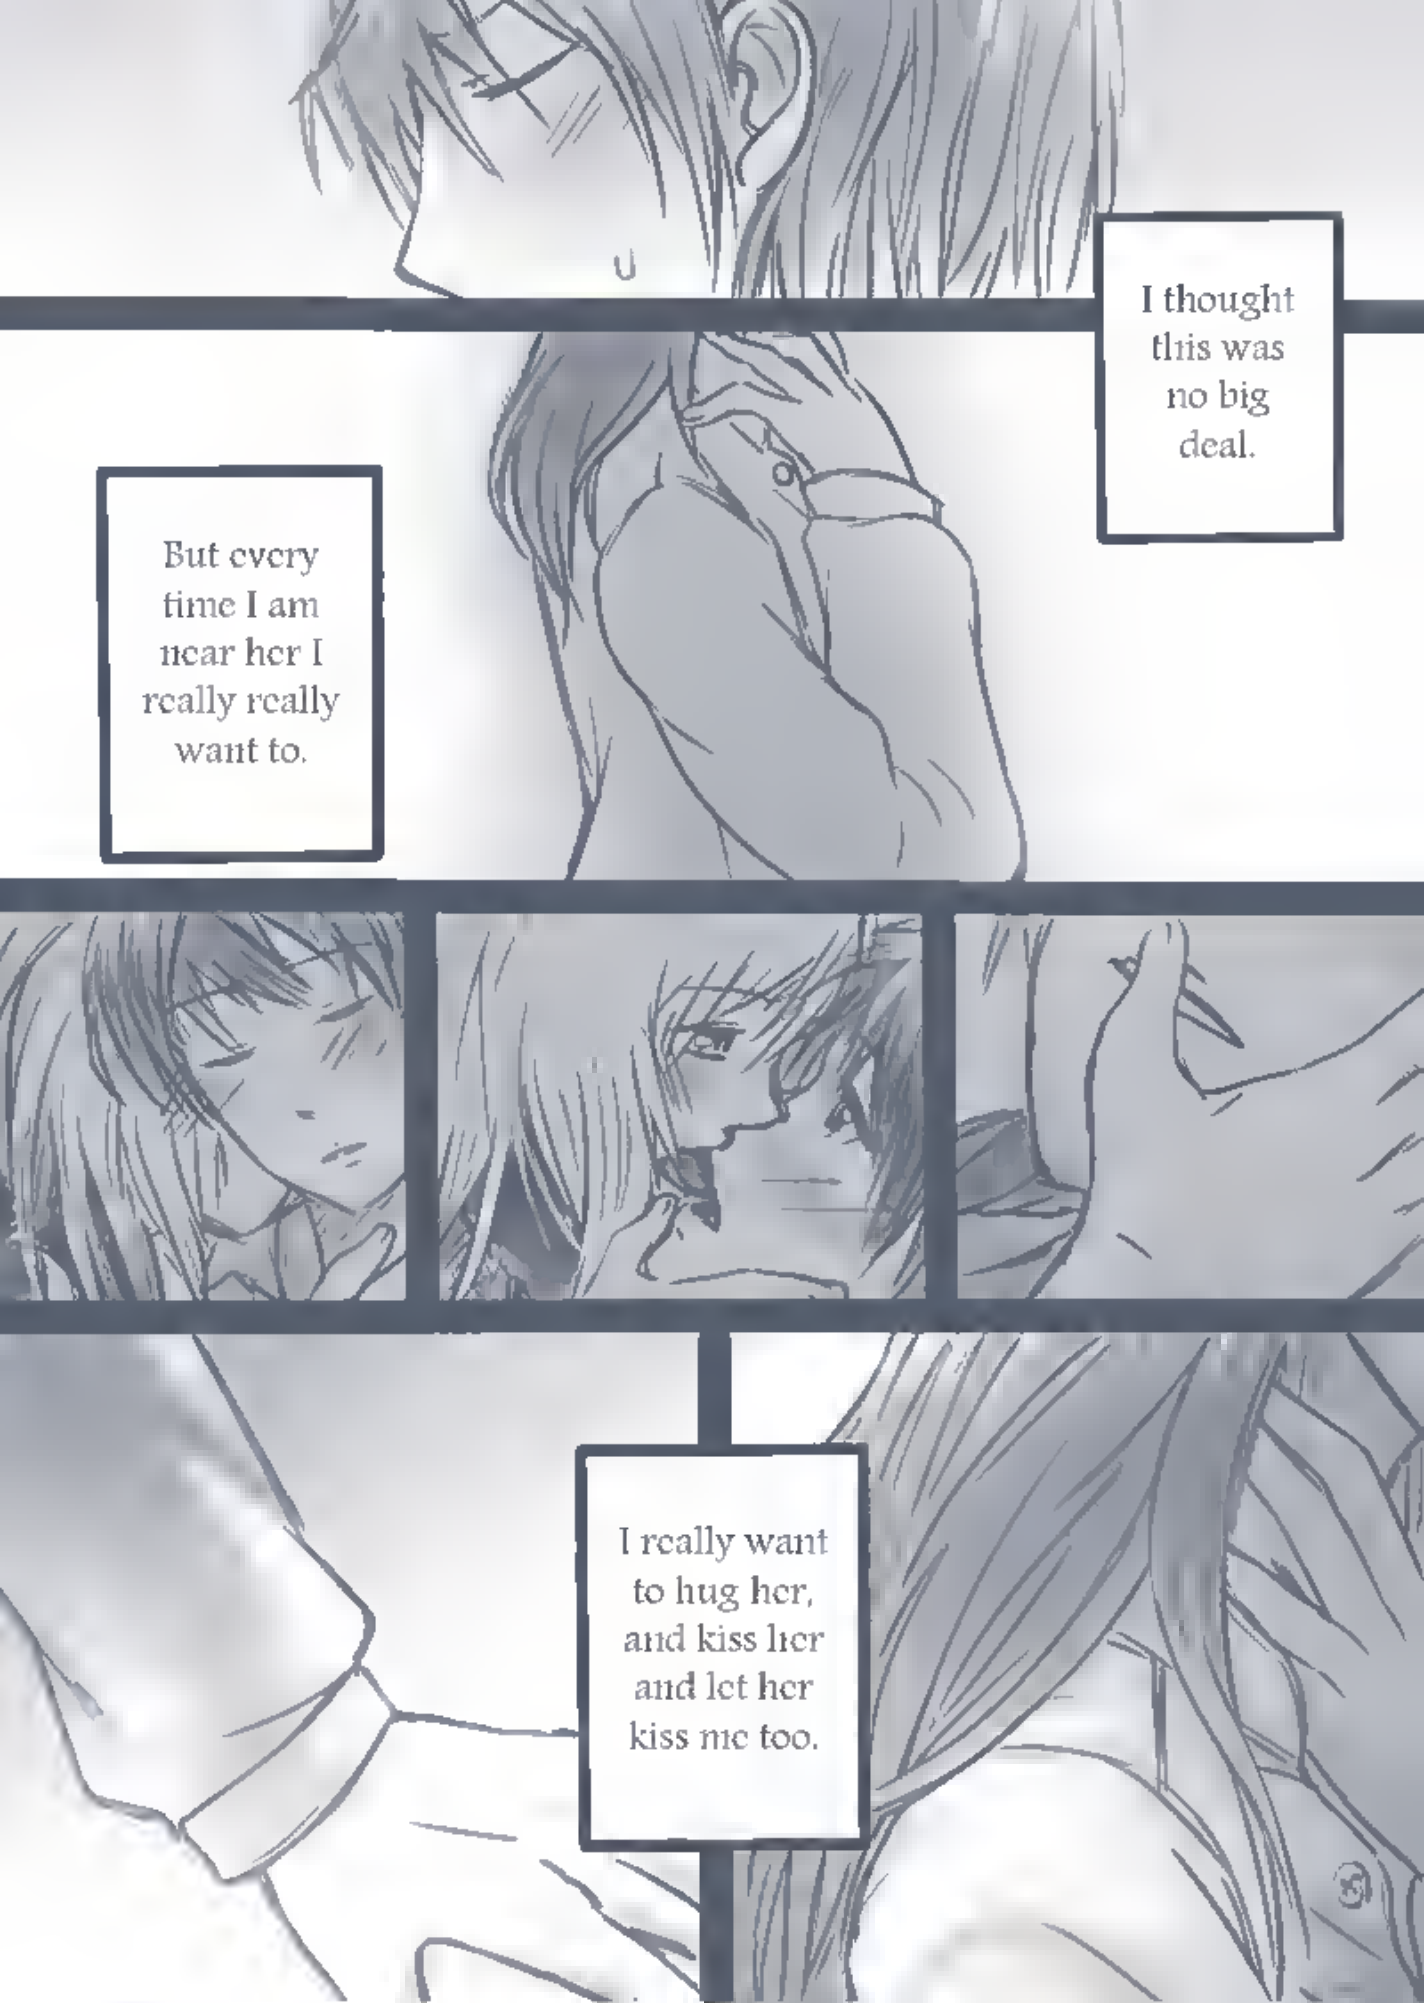
We began living together.



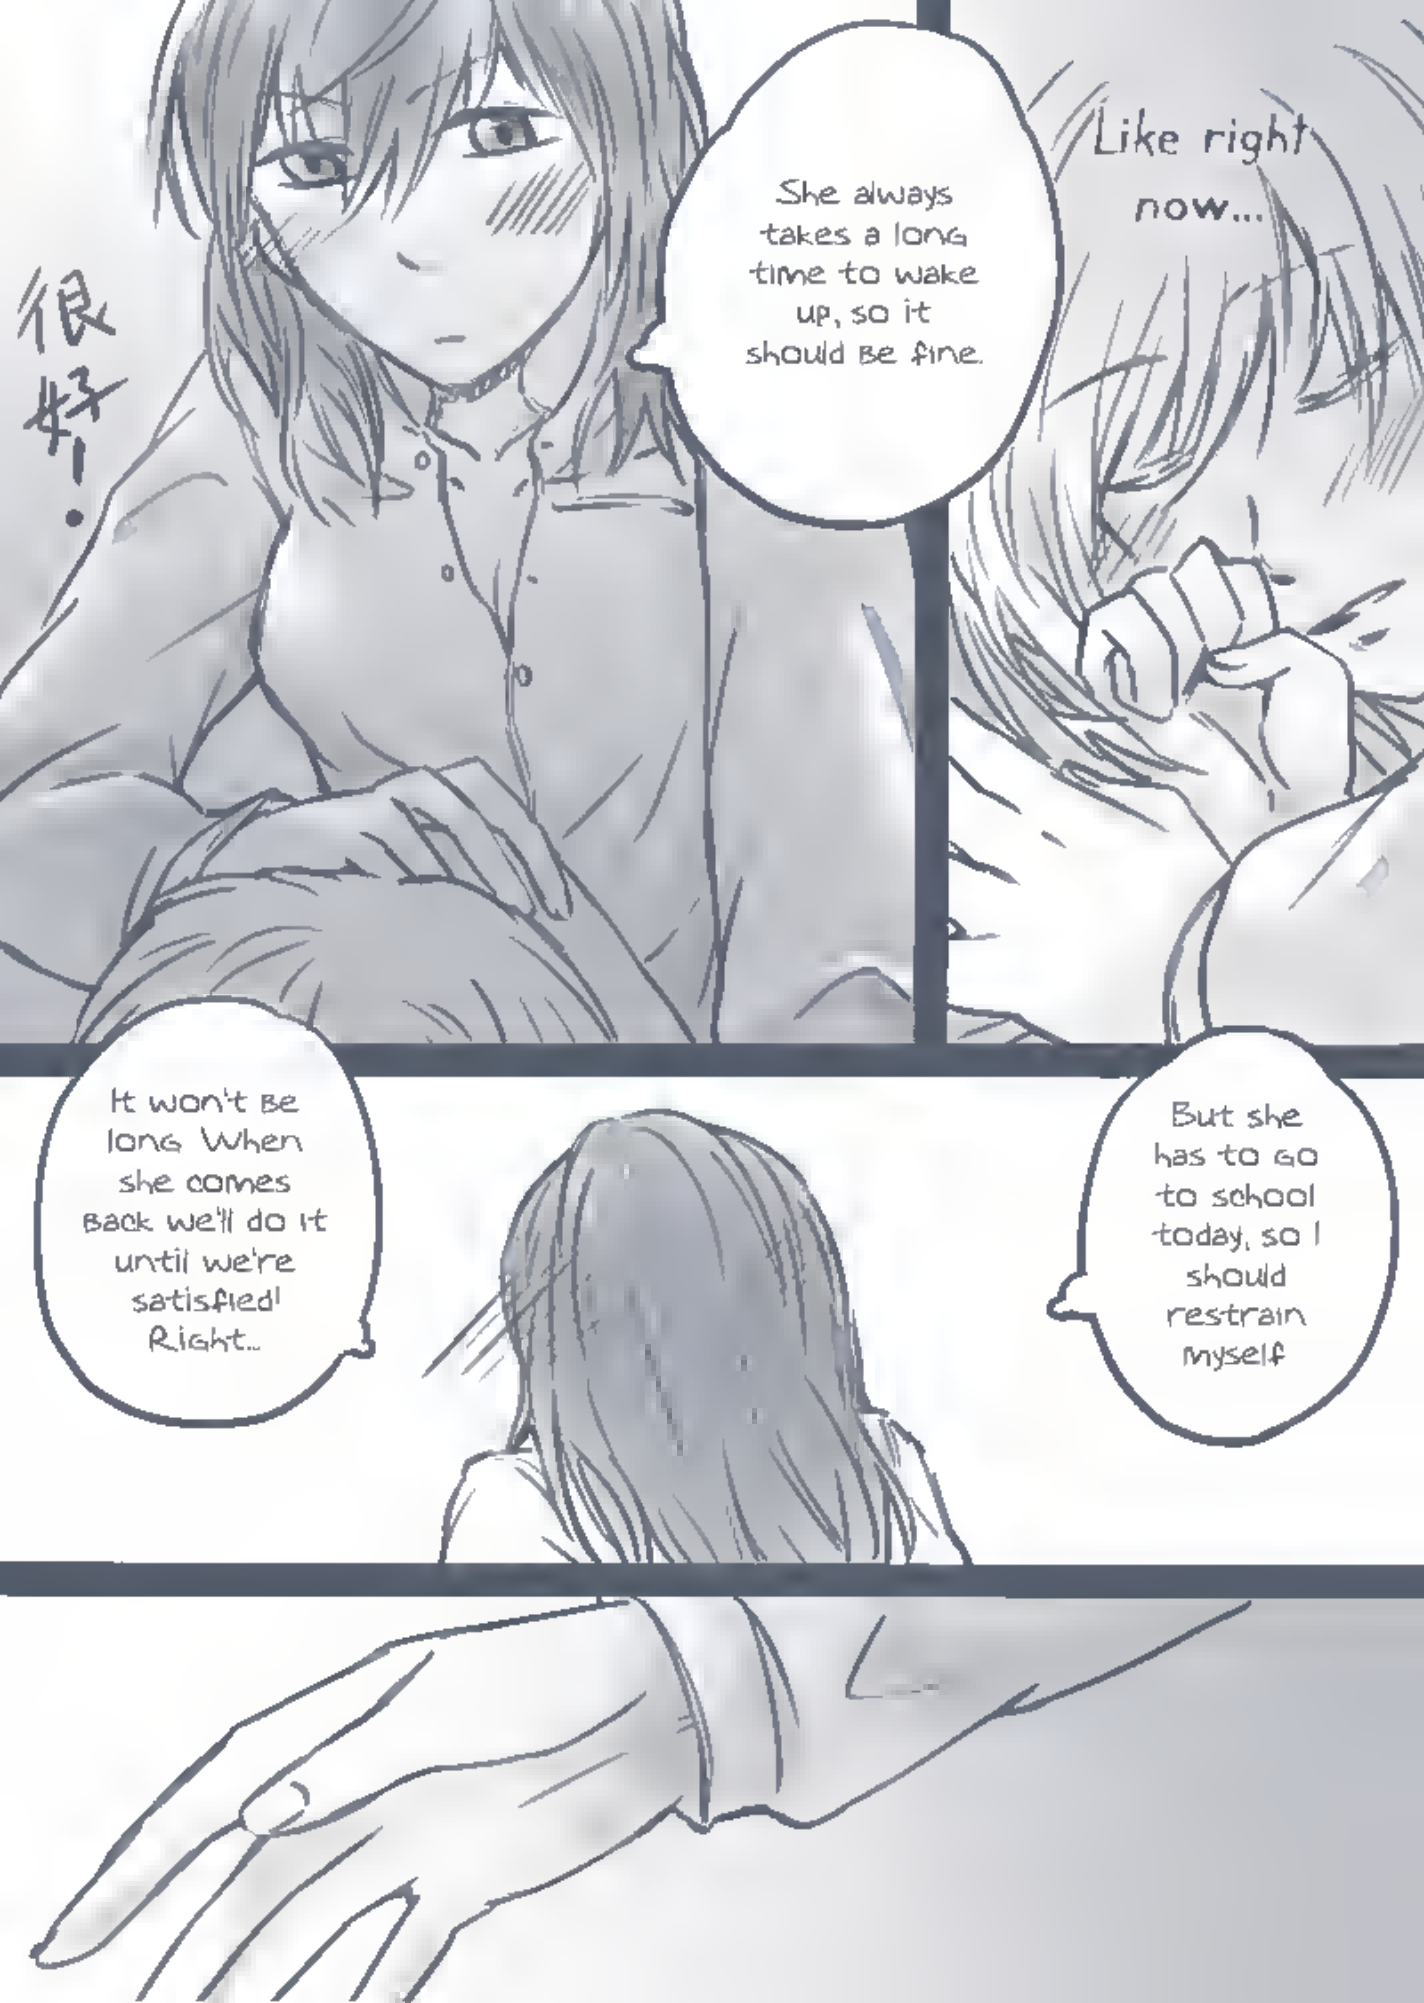
These things begin to feel natural, and eventually become a big part of our lives.
But it's nothing serious, since we have always been together after meeting each other.



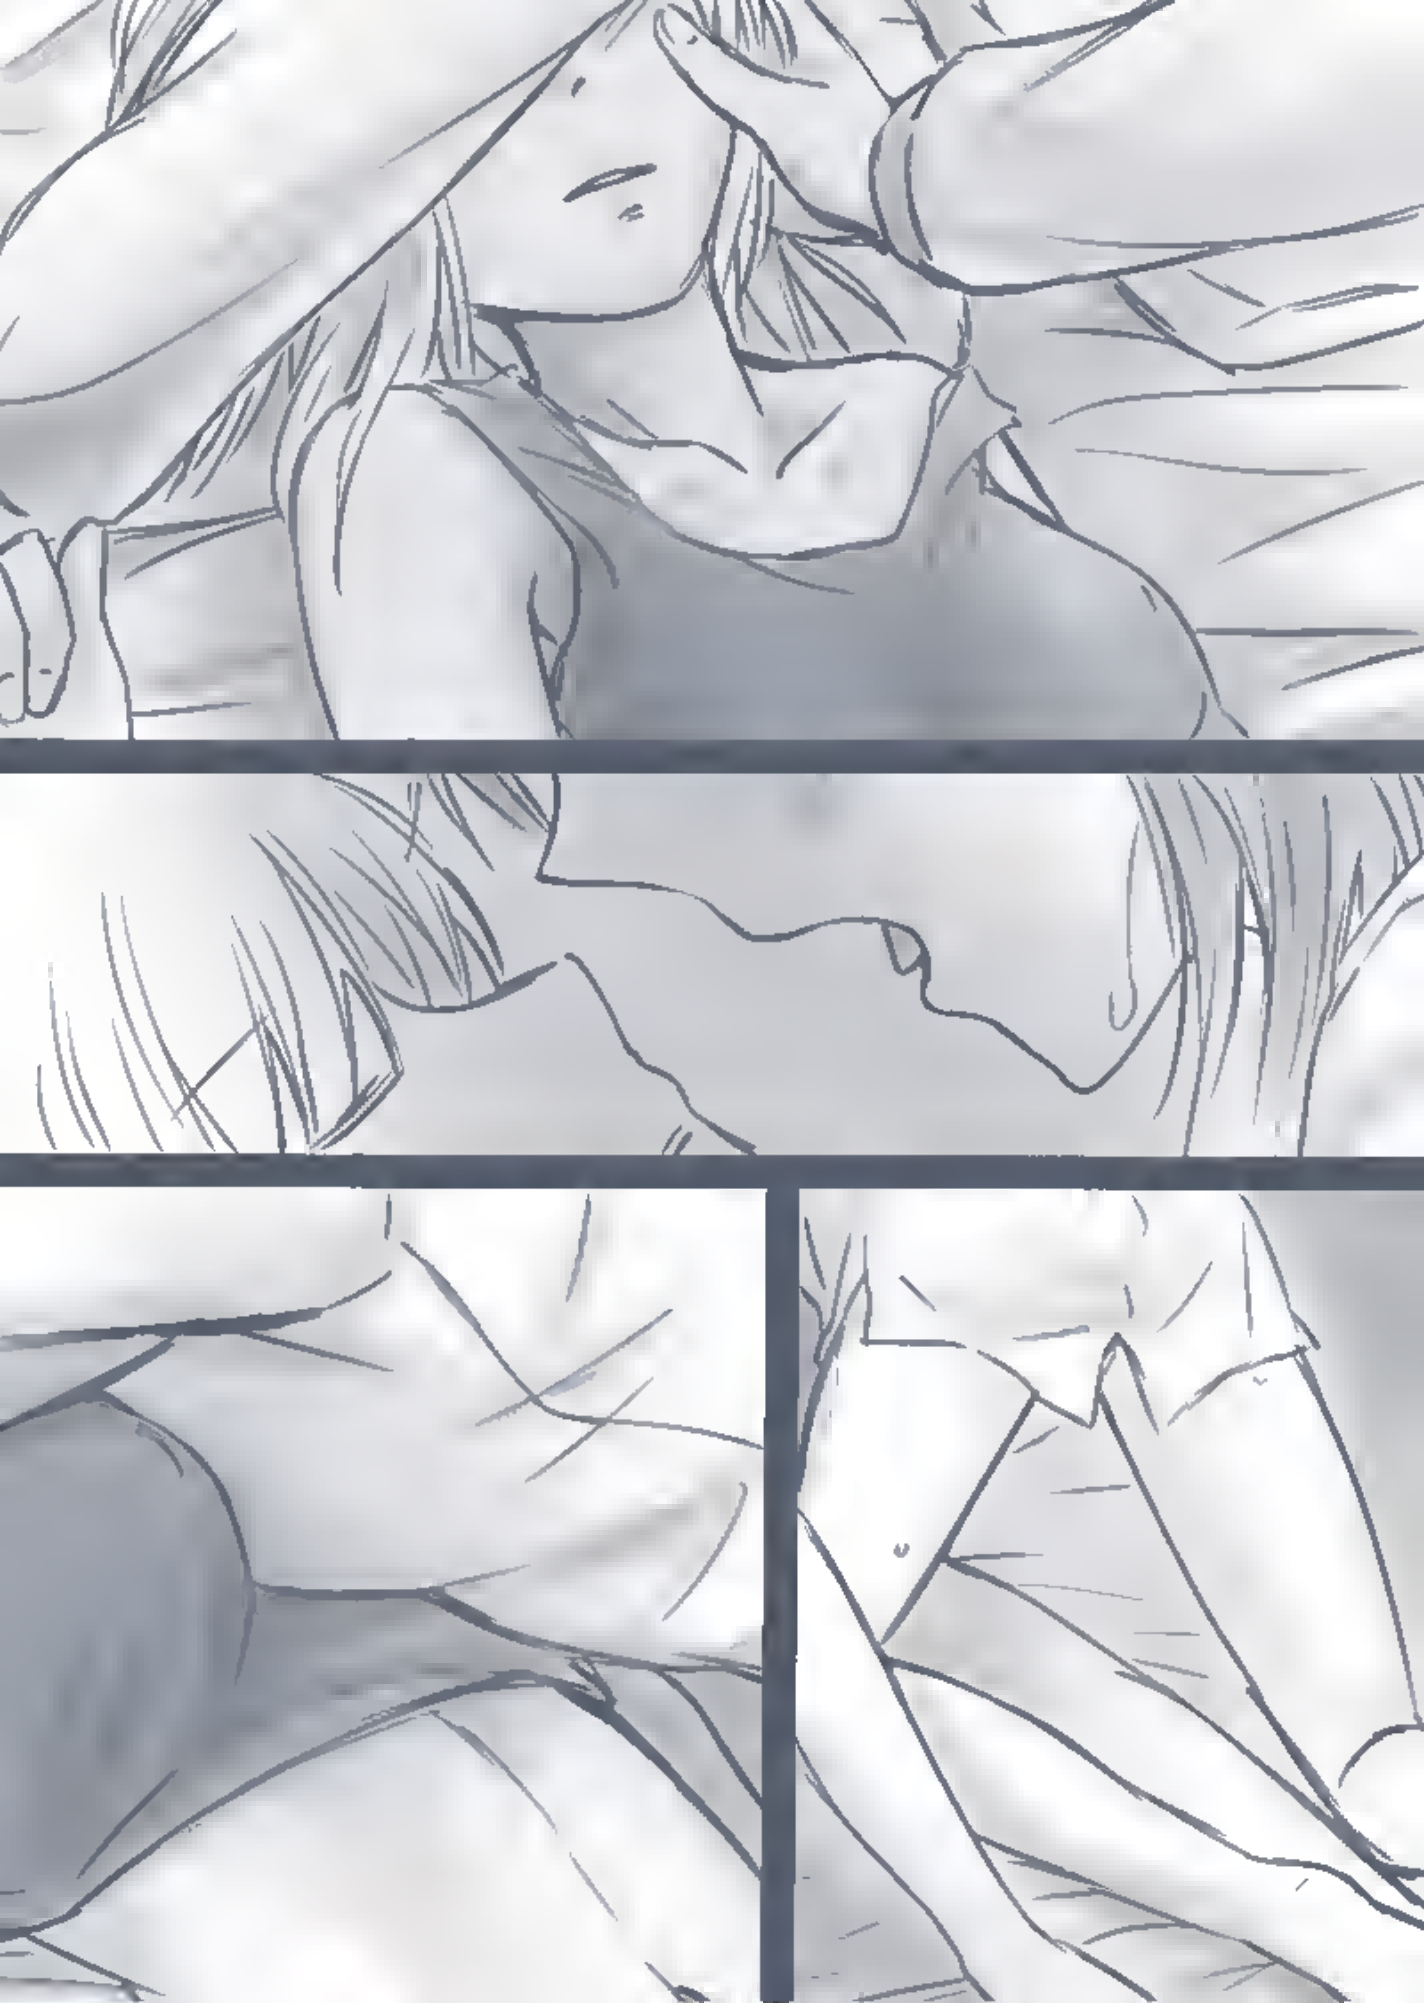
Perhaps the only change to our lives is that we can satisfy our lust after becoming a couple.
I think she must think the same way, so whenever we are together we just keep making love.



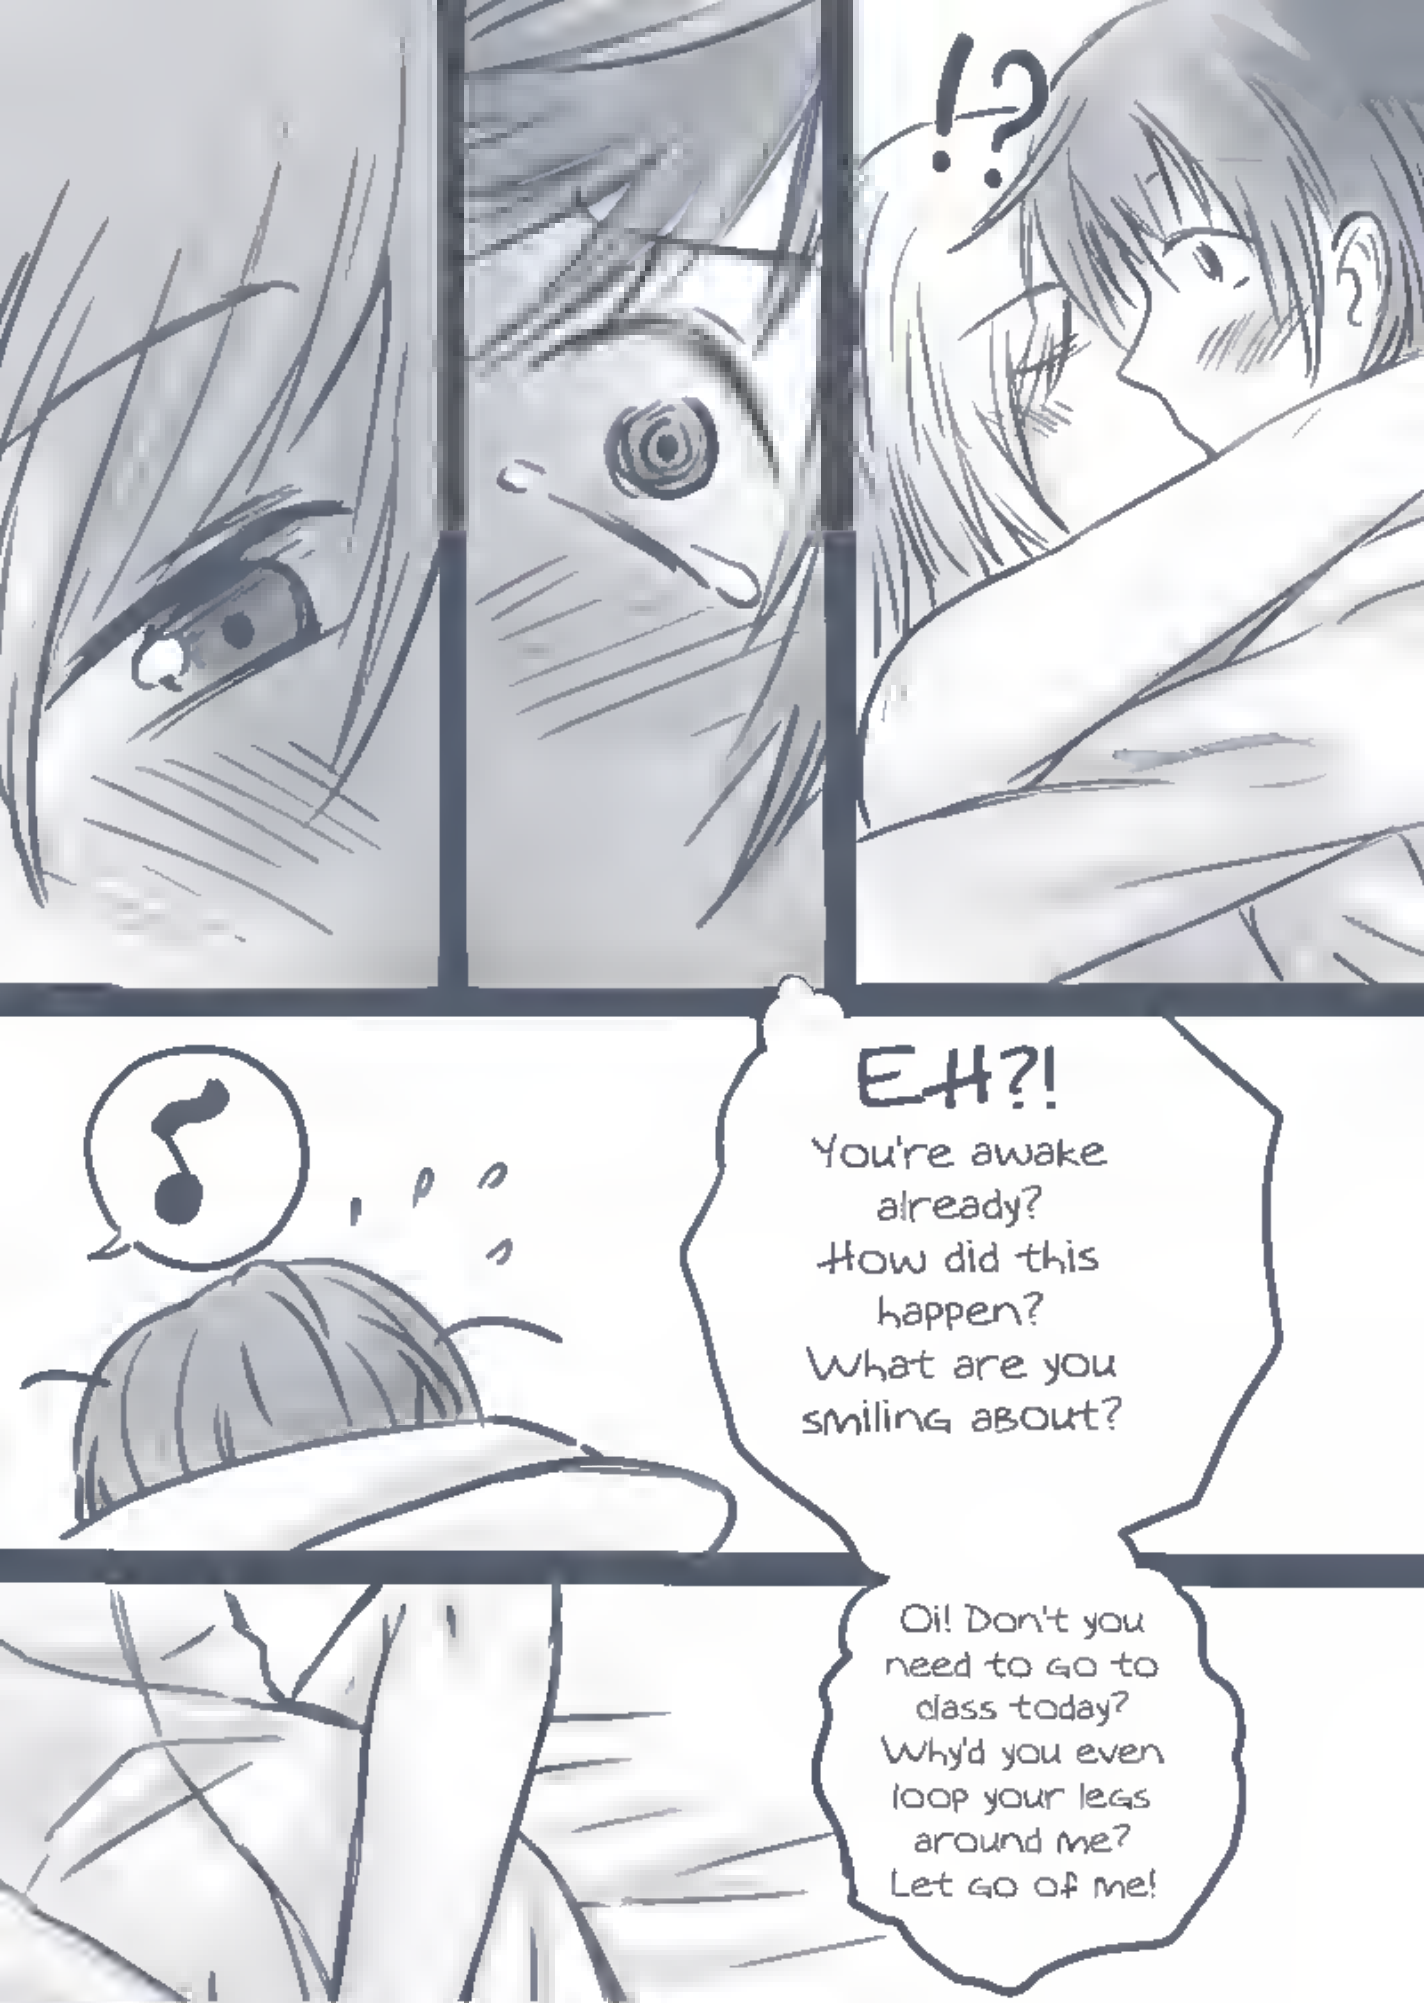
I thought this was no big deal.
But every time I am near her I really really want to.
I really want to hug her, and kiss her and let her kiss me too.



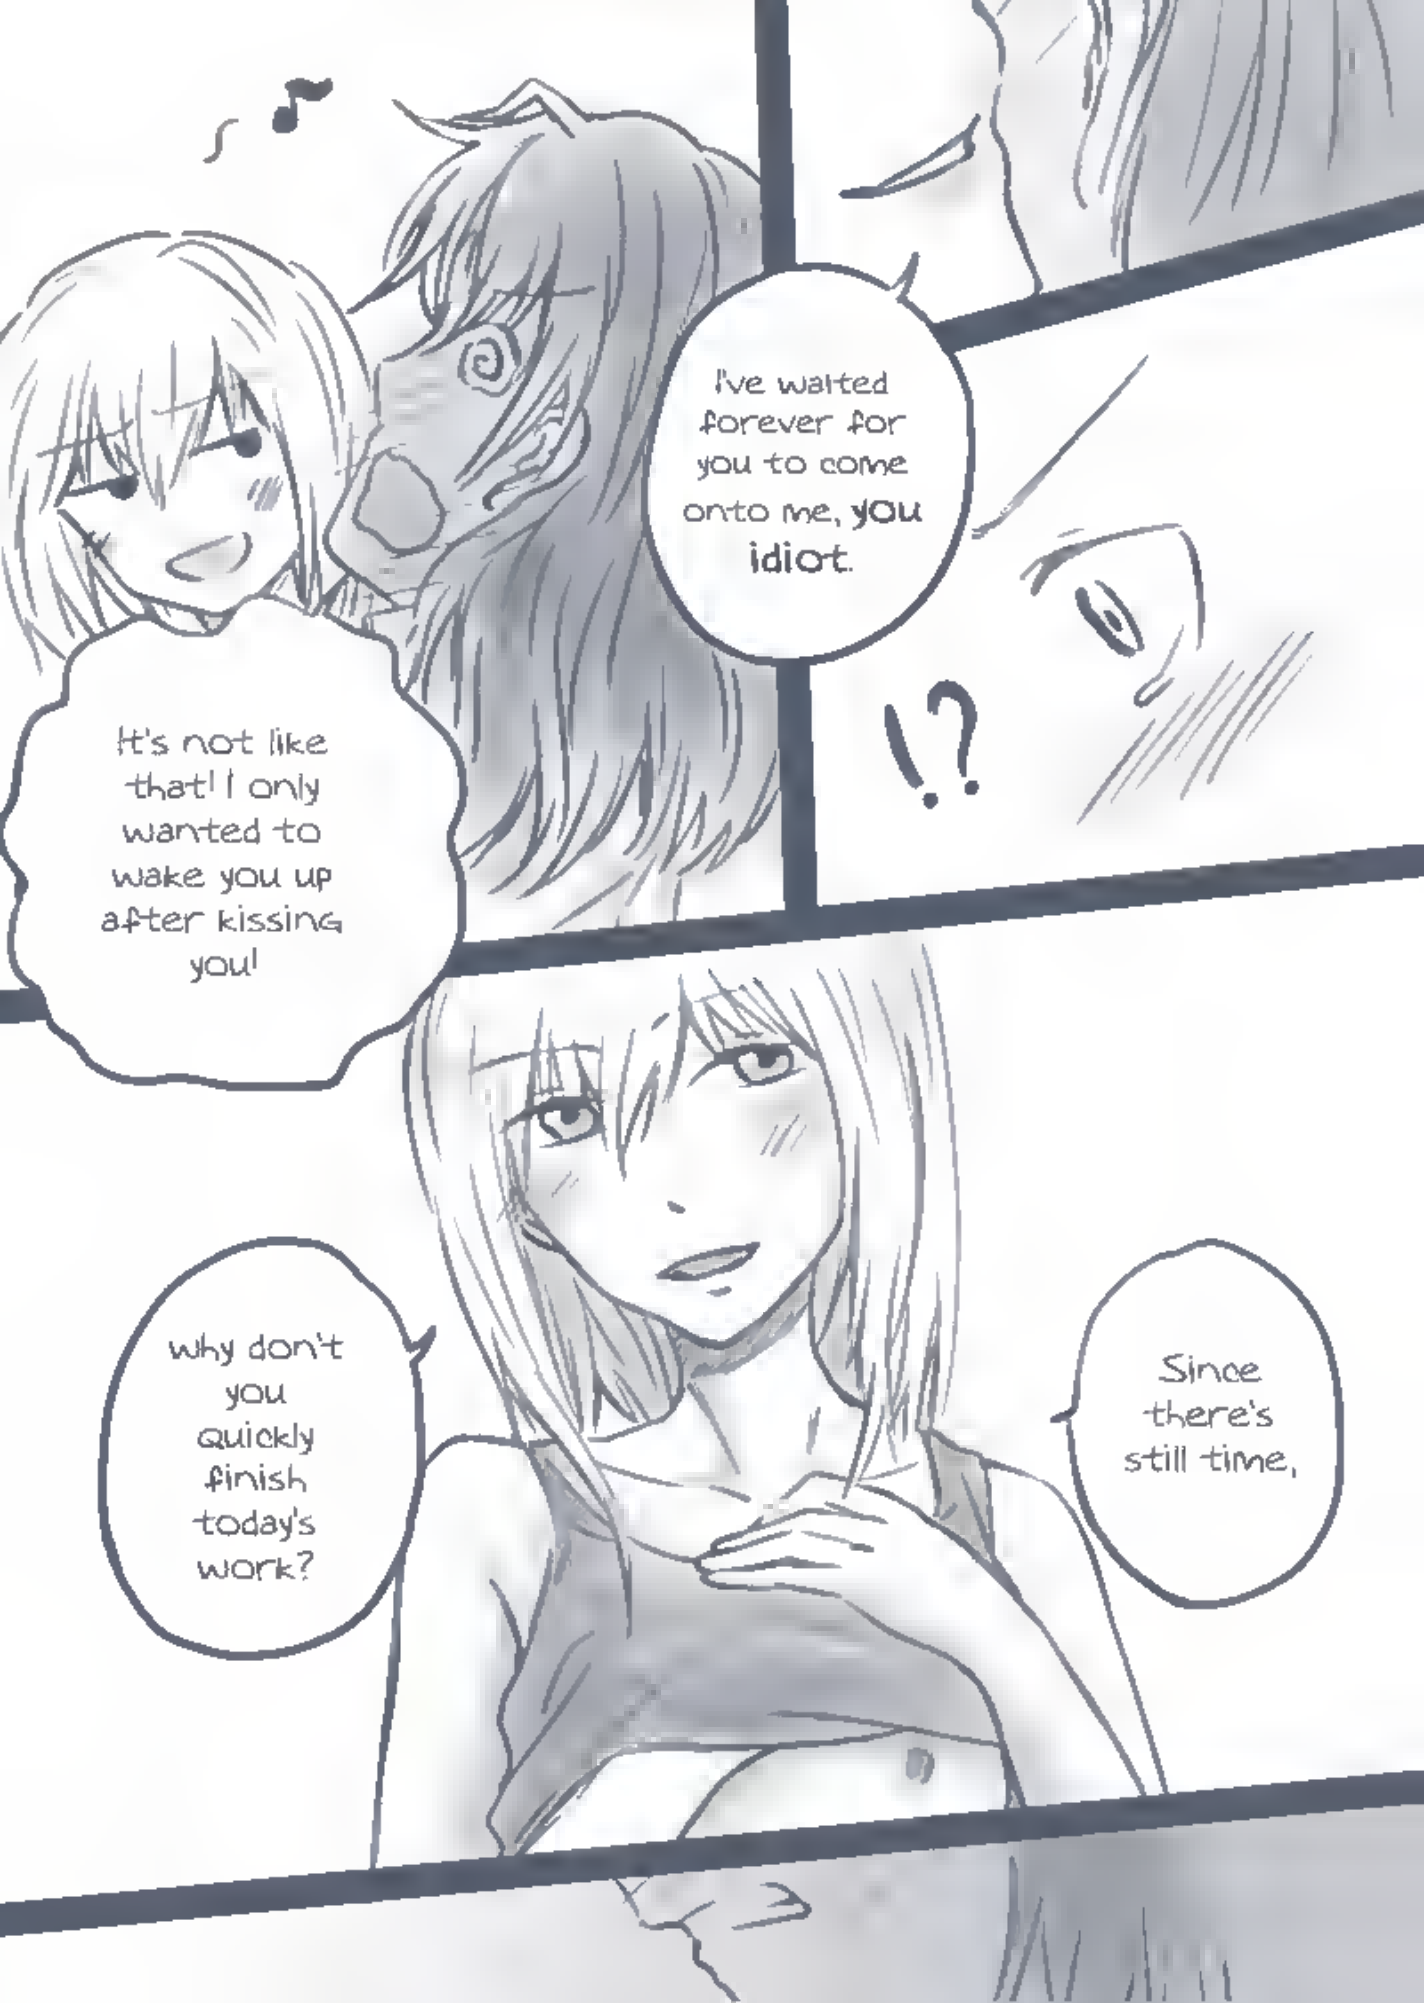
很好！
She always takes a long time to wake up, so it should be fine.
Like right now...
It won't be long When she comes back we'll do it until we're satisfied! Right..
But she has to go to school today, so I should restrain myself



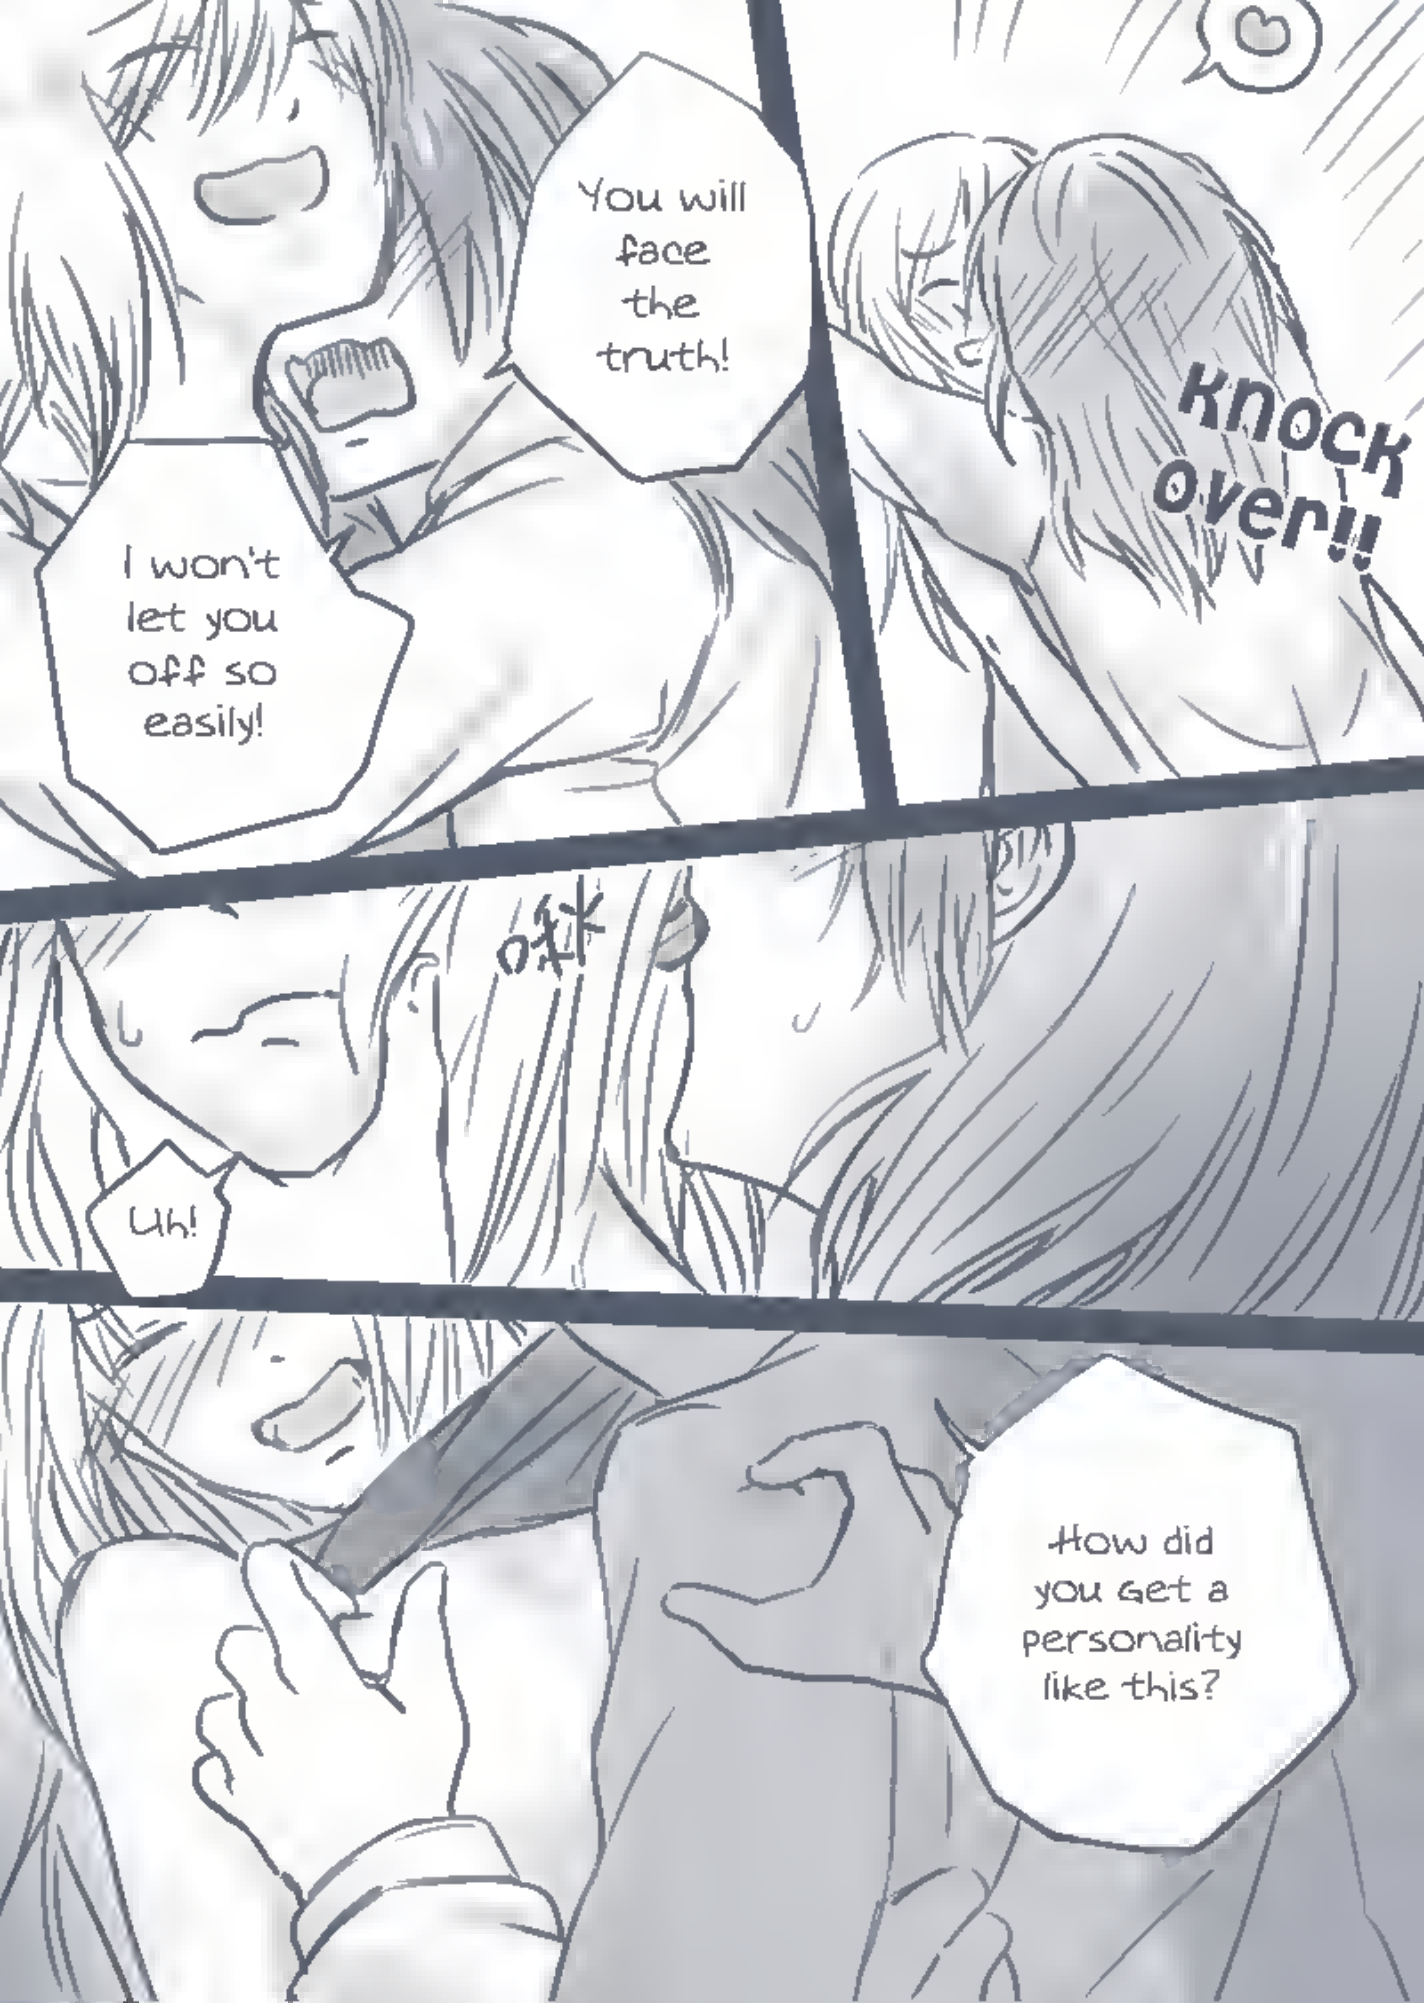
Ahnn
Is she not aware that I might wake up?
She's really an idiot.



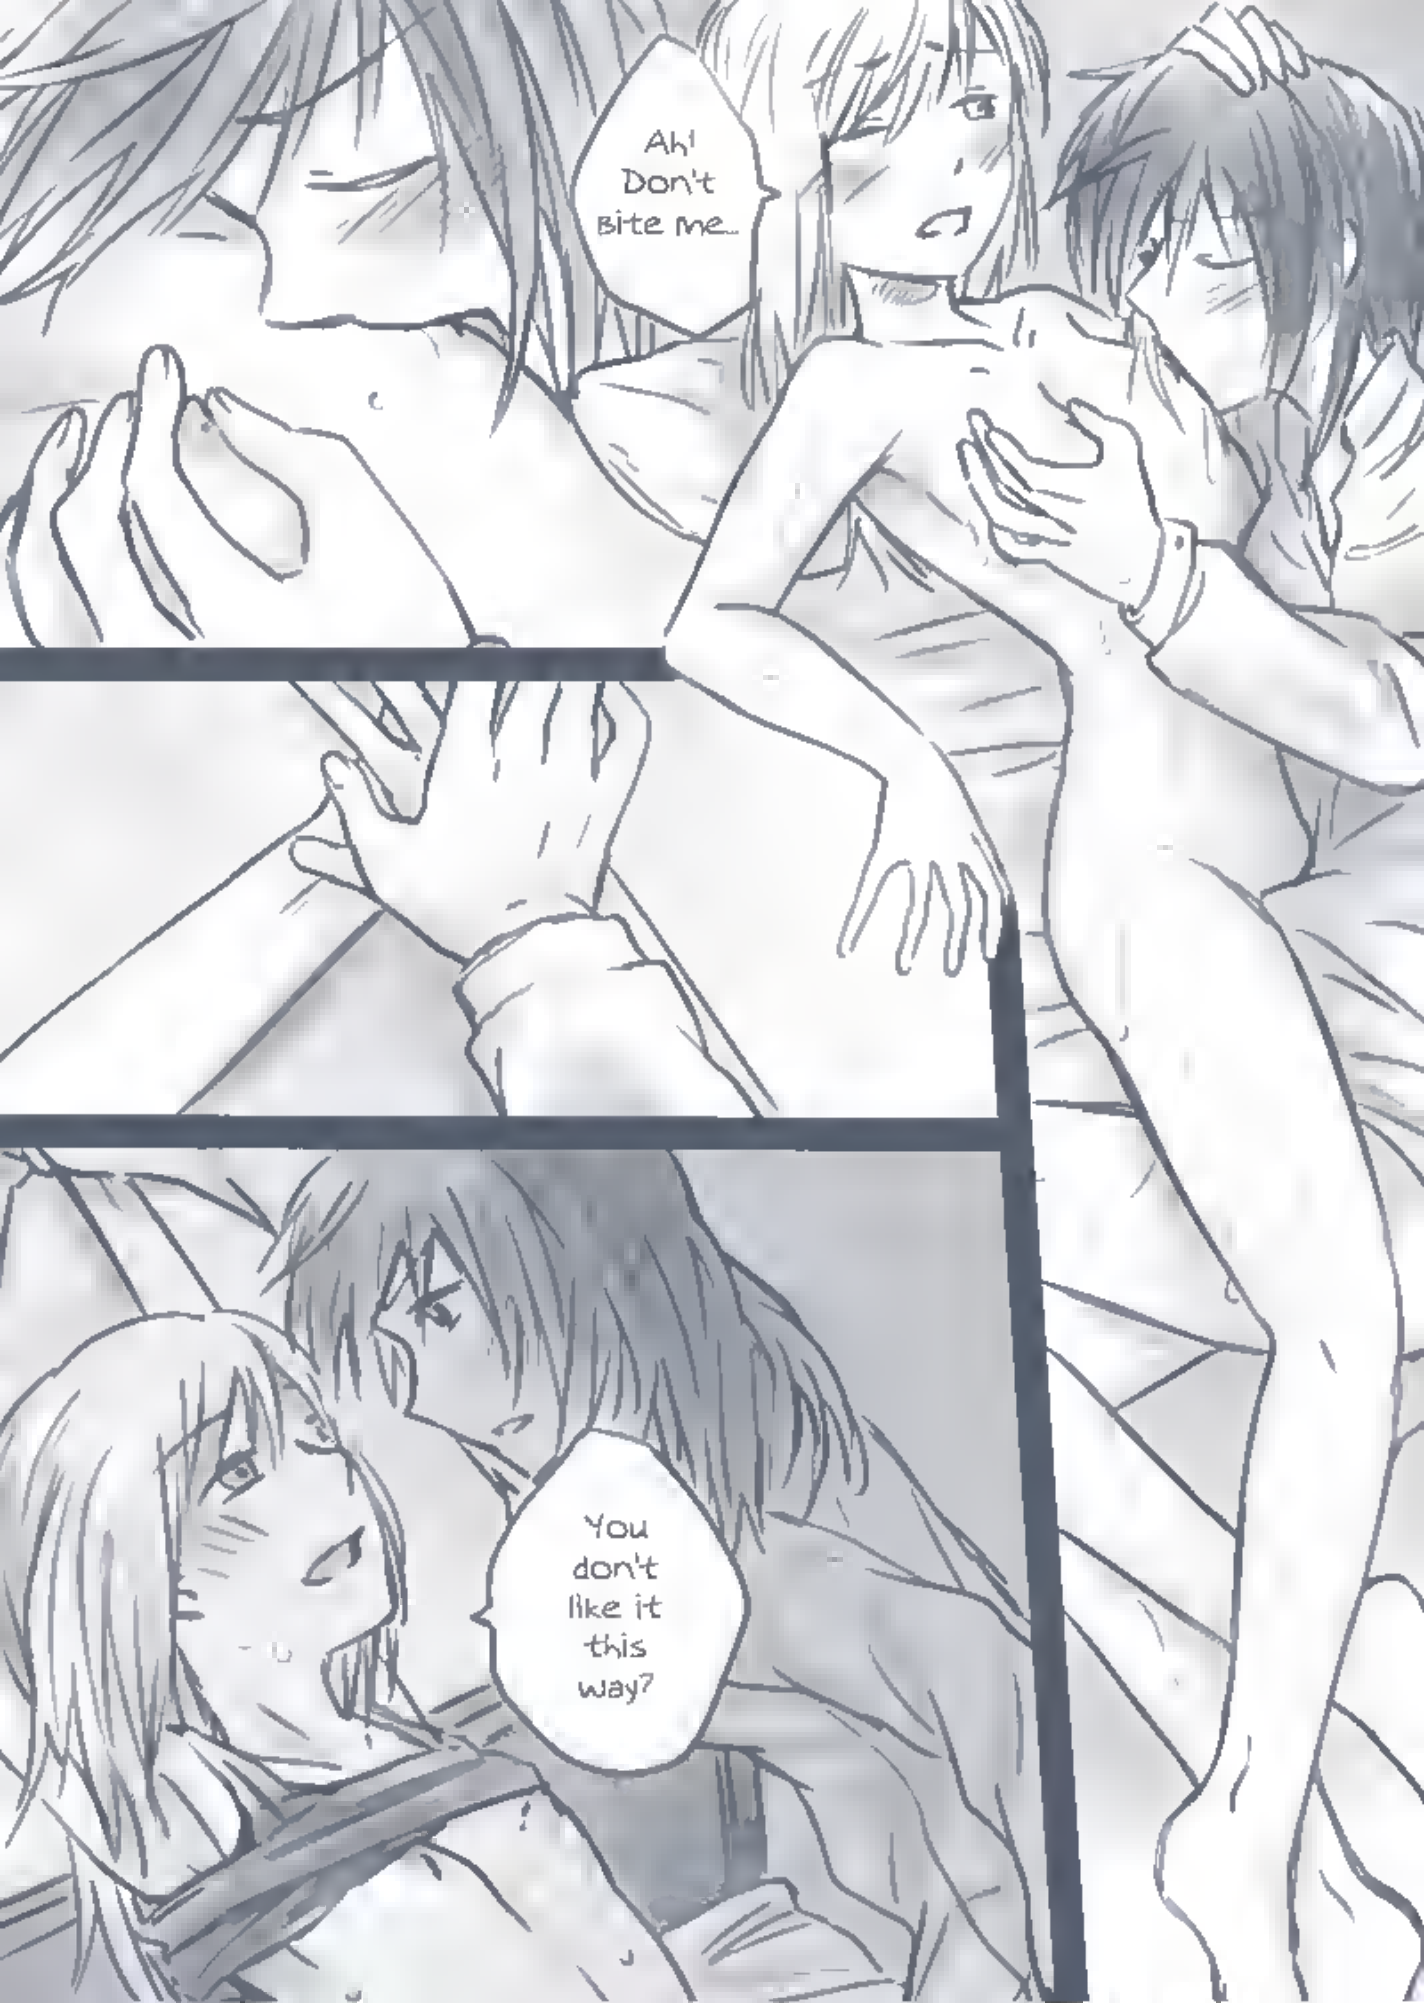
!?
EH?!
You're awake already? How did this happen? What are you smiling about?
Oi! Don't you need to go to class today? Why'd you even loop your legs around me? Let go of me!



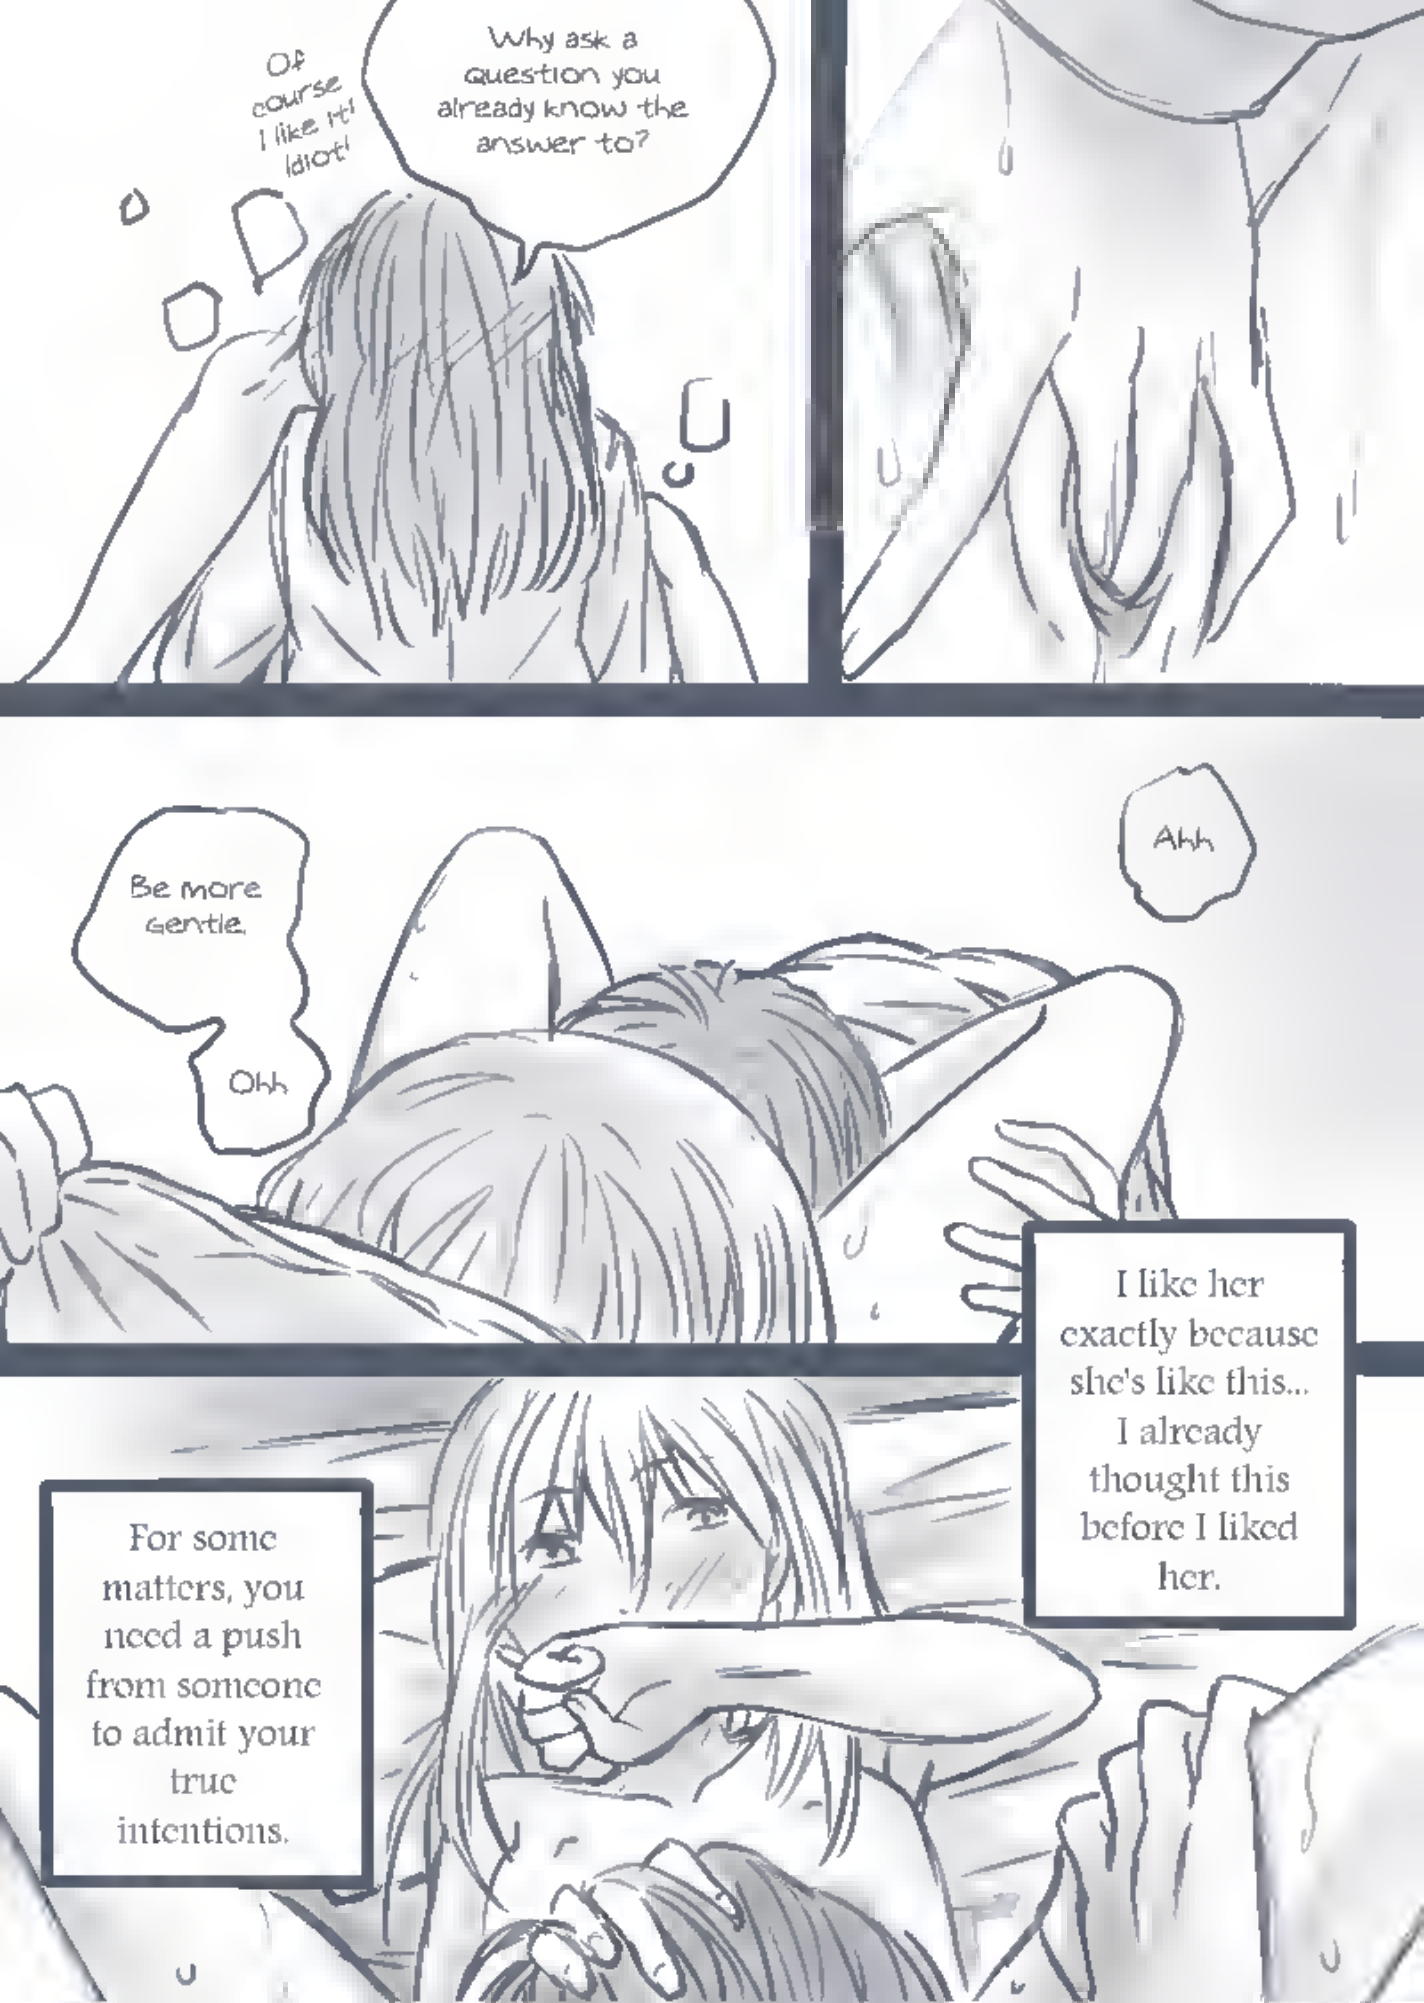
I've waited forever for you to come onto me, you idiot.
!?
It's not like that! I only wanted to wake you up after kissing you!
Since there's still time,
why don't you quickly finish today's work?



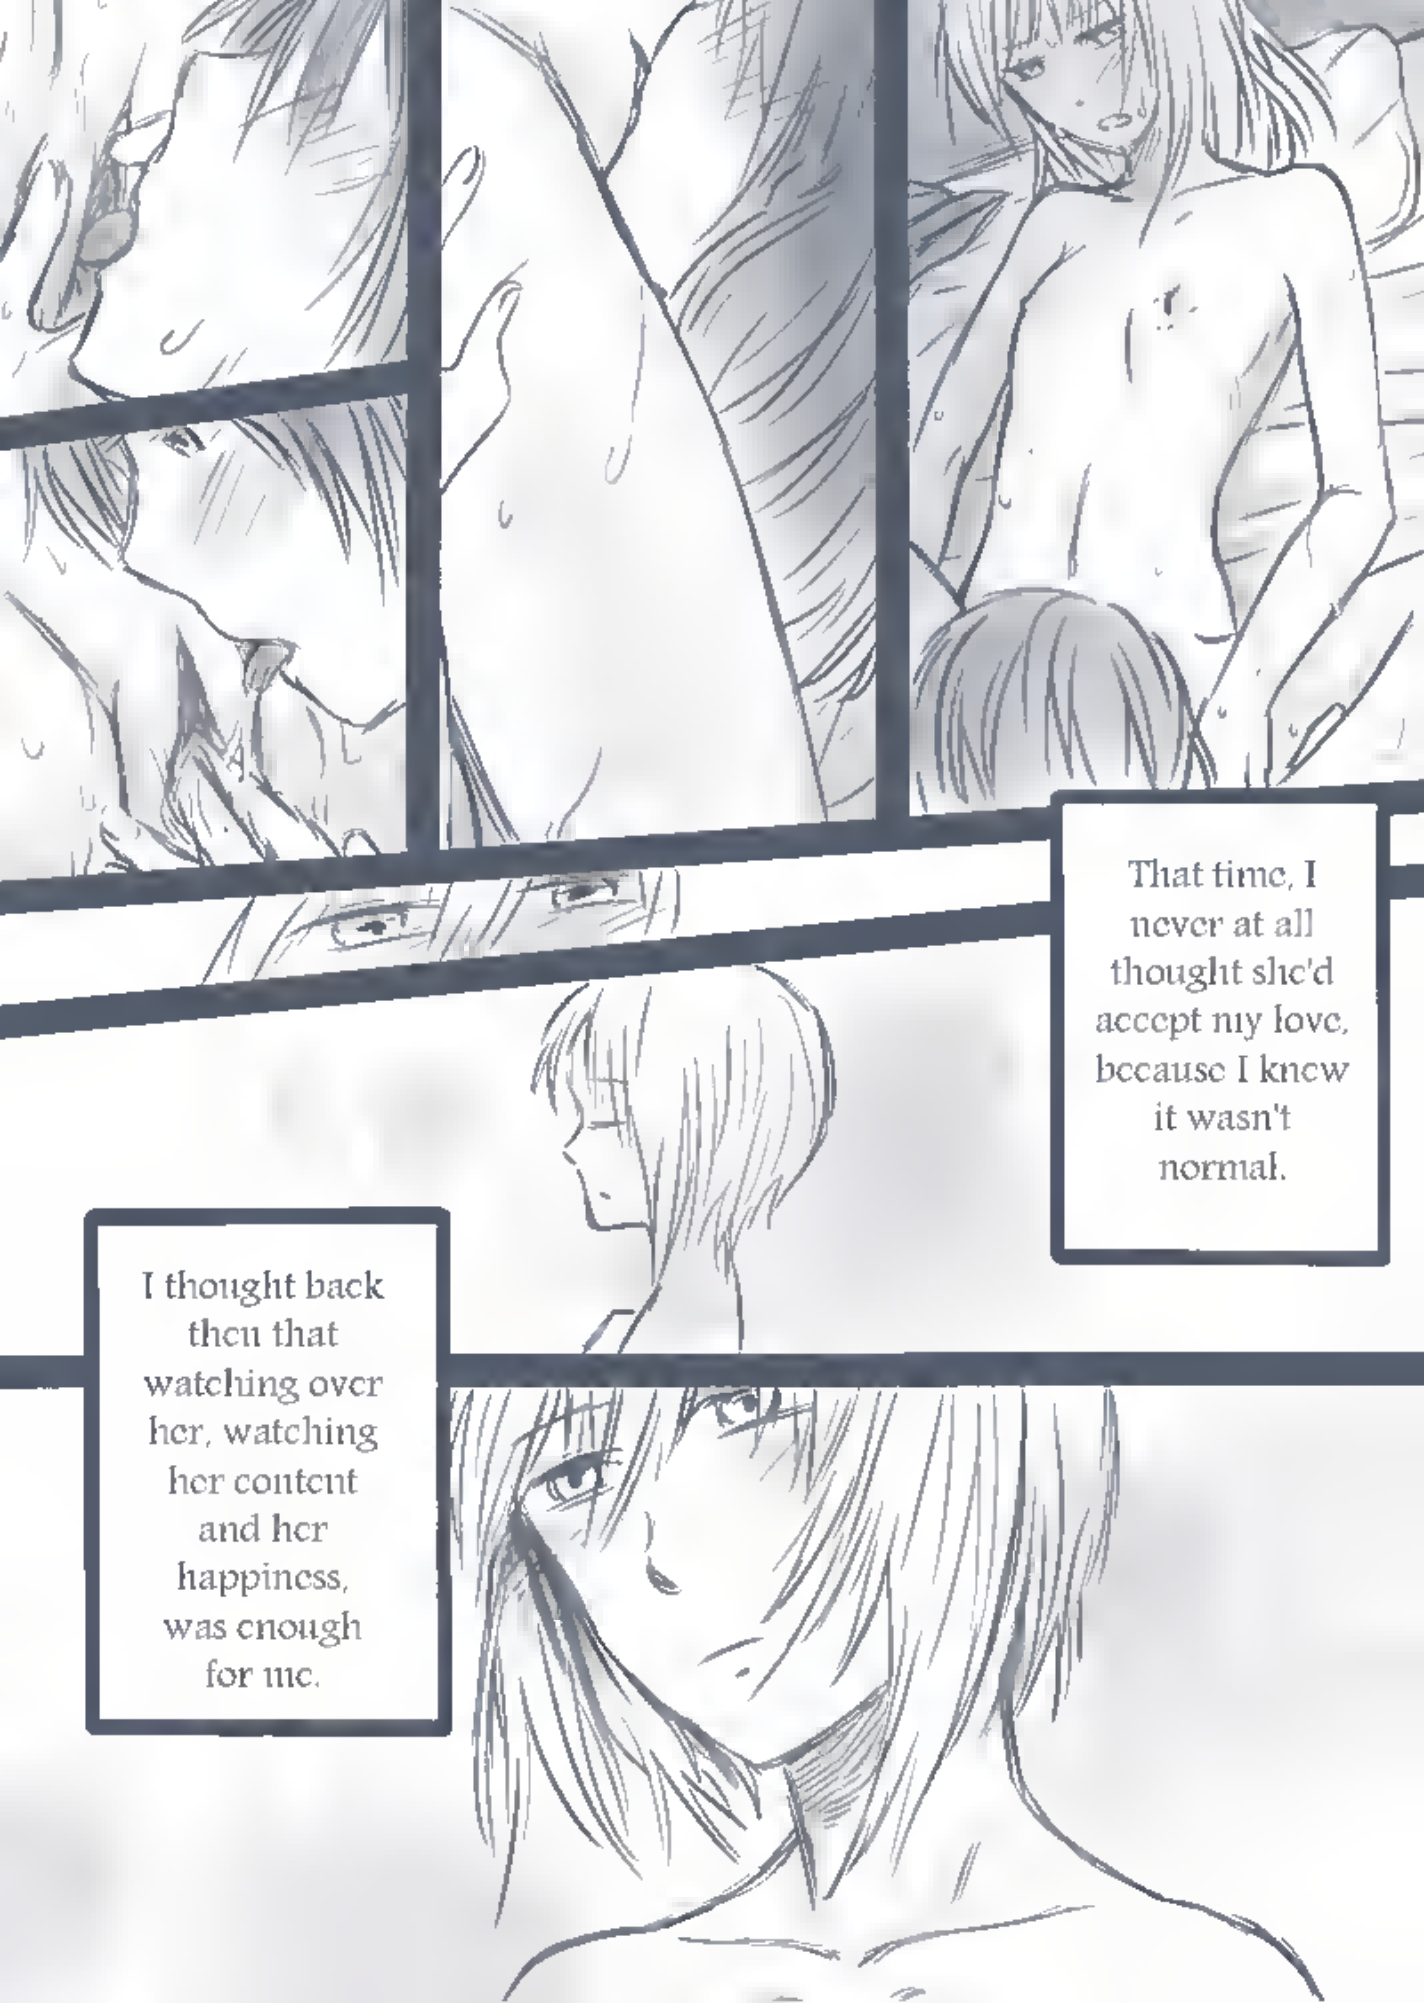
You will face the truth!
I won't let you off so easily!
KNOCK over!!
Uh!
How did you get a personality like this?



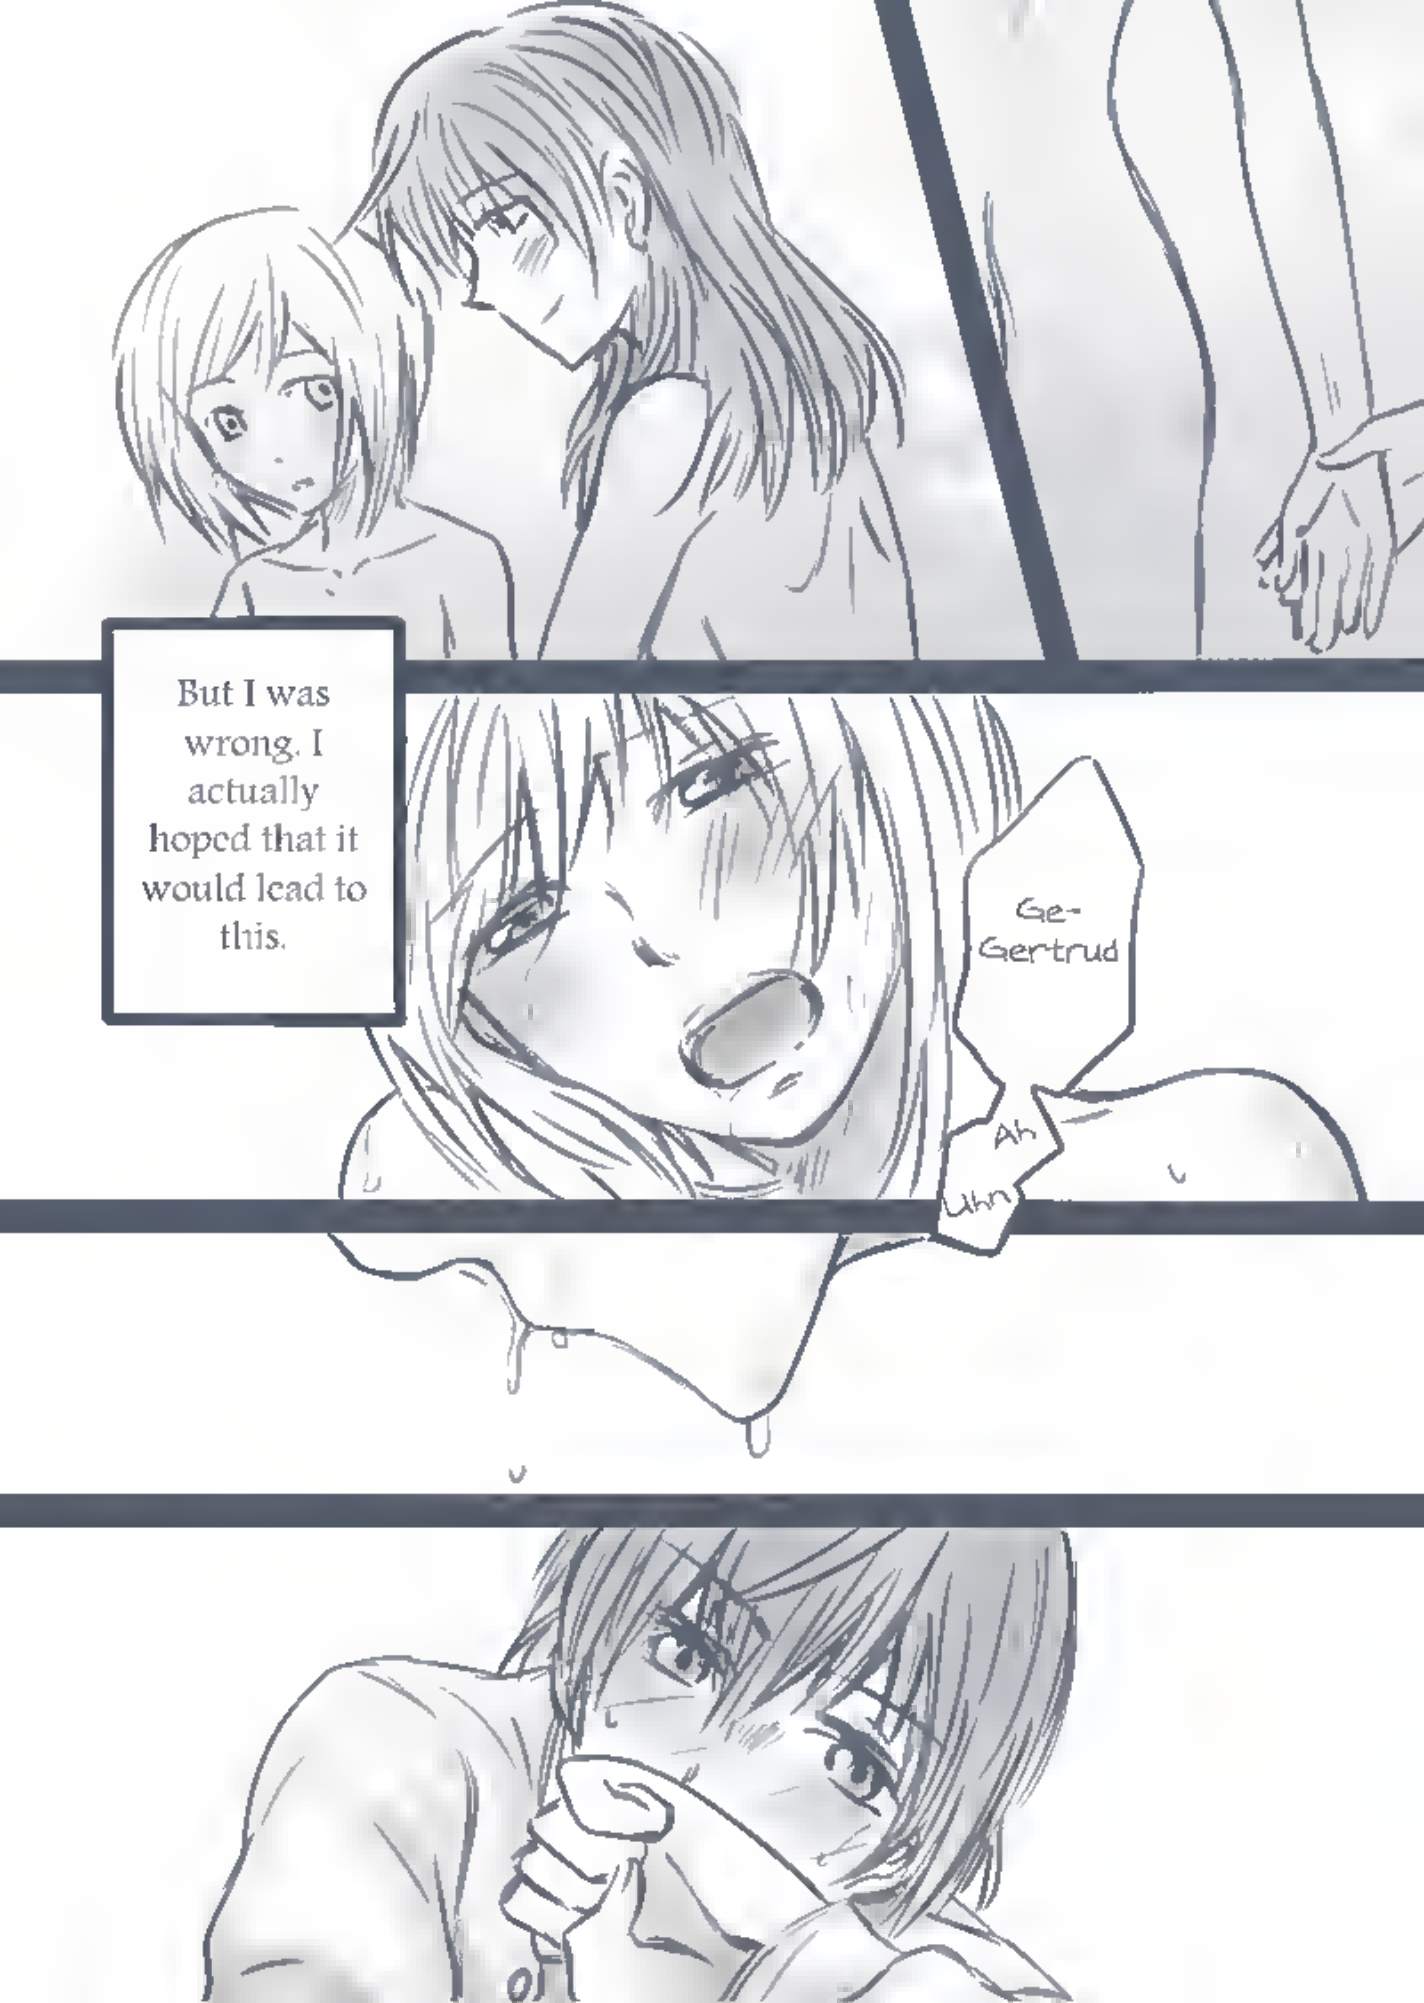
Ah! Don't bite me...
You don't like it this way?



Why ask a question you already know the answer to?
Of course I like it! Idiot!
Be more gentle.
Ohh
Ahh
I like her exactly because she's like this... I already thought this before I liked her.
For some matters, you need a push from someone to admit your true intentions.



That time, I never at all thought she'd accept my love, because I knew it wasn't normal.
I thought back then that watching over her, watching her content and her happiness, was enough for me.



But I was wrong. I actually hoped that it would lead to this.

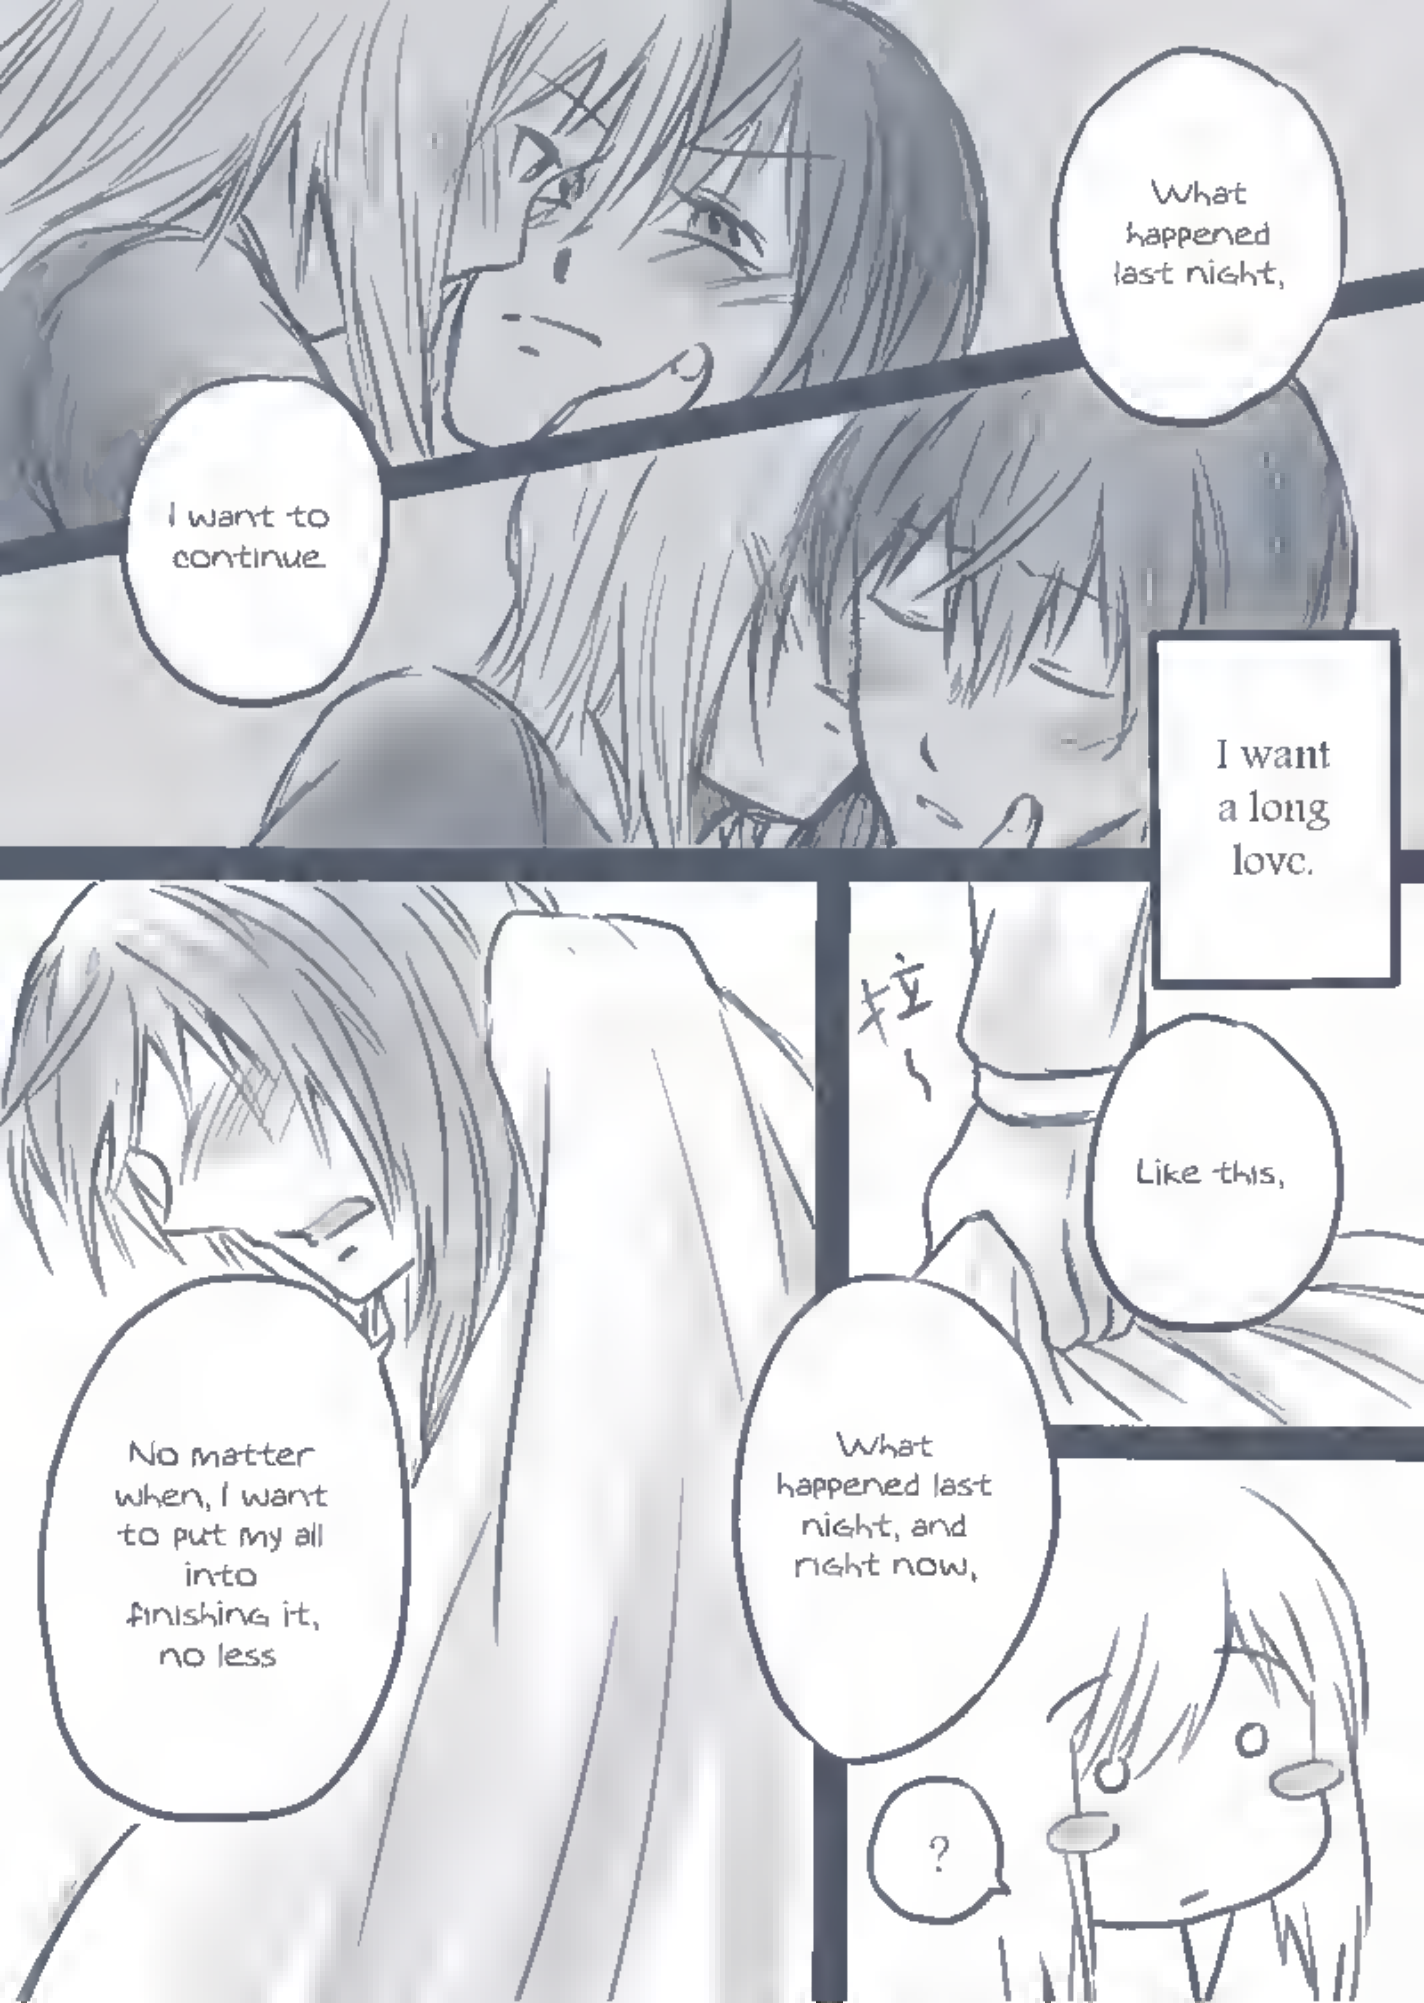
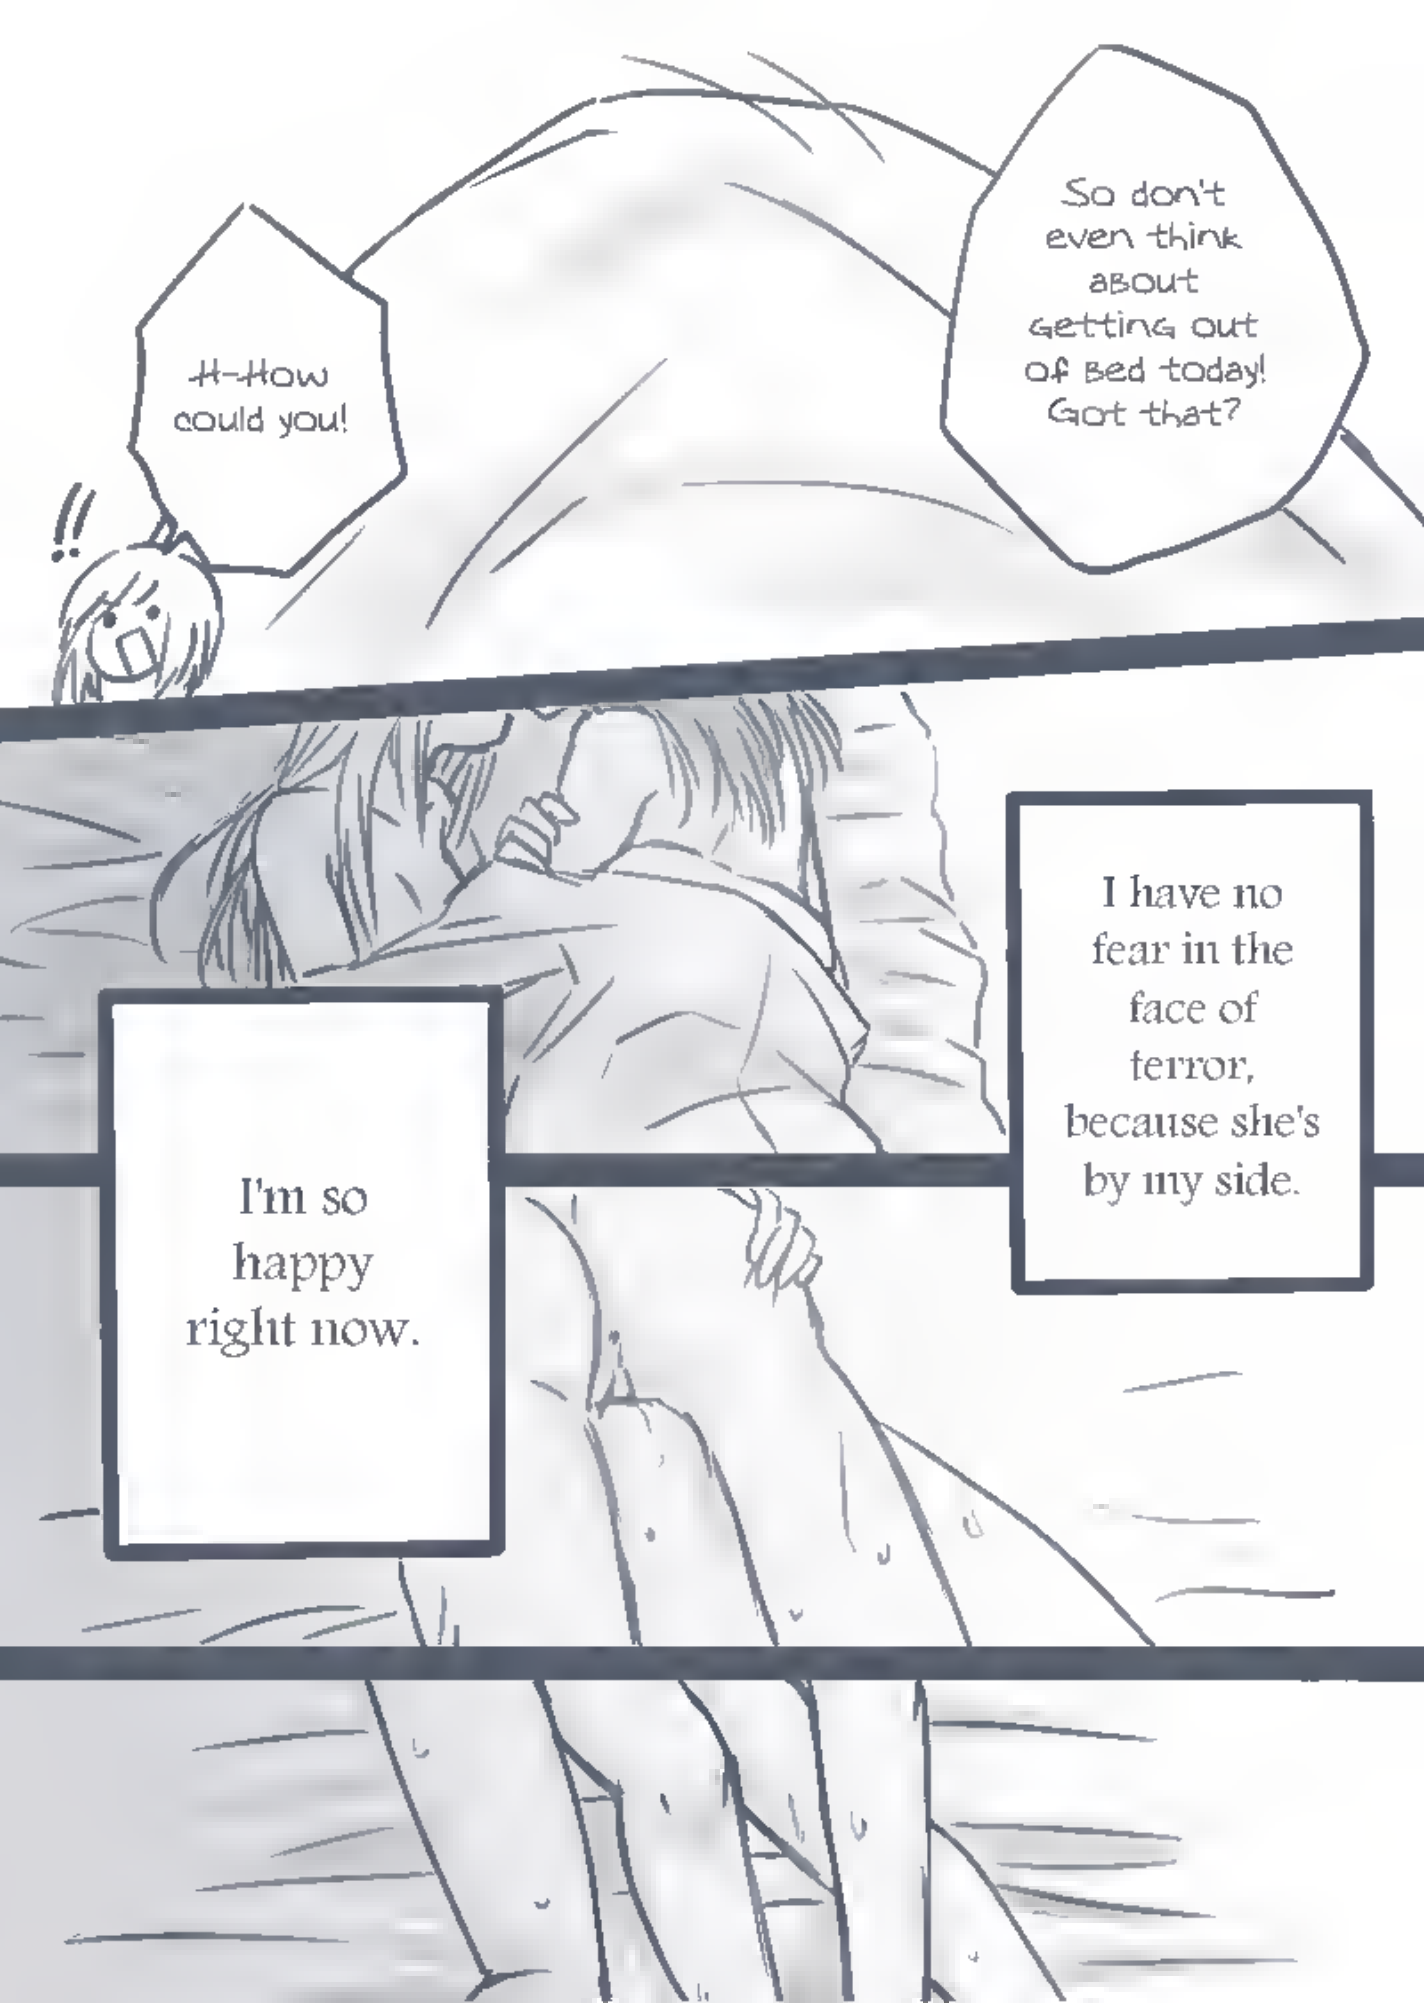
Erica..
Did you want to say something? Want to continue?
..to continue.
I want..



What happened last night,
I want to continue
I want a long love.
拉～
Like this,
What happened last night, and right now,
?
No matter when, I want to put my all into finishing it, no less



H-How could you!
So don't even think about getting out of bed today! Got that?
I have no fear in the face of terror, because she's by my side.
I'm so happy right now.

Dear world,
dear time,
no matter
what
happens,
please
give me a
long love
to come.
